There were at least three unfortunate oversights in my recent update.

First, State Representative Larry Galizio (D-Tigard) who chaired the Ways and Means Education Subcommittee, deserves recognition for the manner in which the subcommittee conducted its work, and for the fact that the budget was not allowed to leave the committee until it was increased significantly.

Second, this week we worked with State Senators Frank Morse and Vicki Walker (a self-proclaimed Duck who roots for the OSU Beavers baseball team) to draft and introduce Senate Concurrent Resolution 21, commending the OSU Beavers for their back-to-back national championships in baseball. The measure history of this resolution is remarkable for the pace in which it was passed by both chambers. Drafted on Monday morning, and it made it through the entire process by Wednesday afternoon. Here is a link to the resolution:

Third, today we sadly say goodbye to Liz Clark who leaves OSU to take a job directing SUNY's efforts in Washington DC. Who can bemoan such a significant career development for Liz, even if SUNY doesn't have a back to back national champion baseball team (and we do)? Liz has been a wonderful colleague. She is credited with transforming the way OSU conducts our federal relations efforts, and she will be a very hard act to follow. Nevertheless, we are beginning a search for her replacement. I have attached a job announcement for your information.

Also -- I used the term "belie" improperly. It was a noodly appendage that did it.
