Date: Friday, March 13, 2009 8:57:06 AM

Hello-

The FY09 Omnibus appropriations bill was signed into law by President Obama this week.

Despite the financial difficulties the nation is facing, OSU has done extremely well, securing the following marks (see below). Please note that some of these projects are shared with other universities.

We will now turn our attention to the President's FY10 budget- details of which are schedule to be released in mid-April.

Thank you for your hard work and advocacy. If you have any questions, please contact me.
