

Appendix 4. Scatter plots of potential factors associated with bird species richness

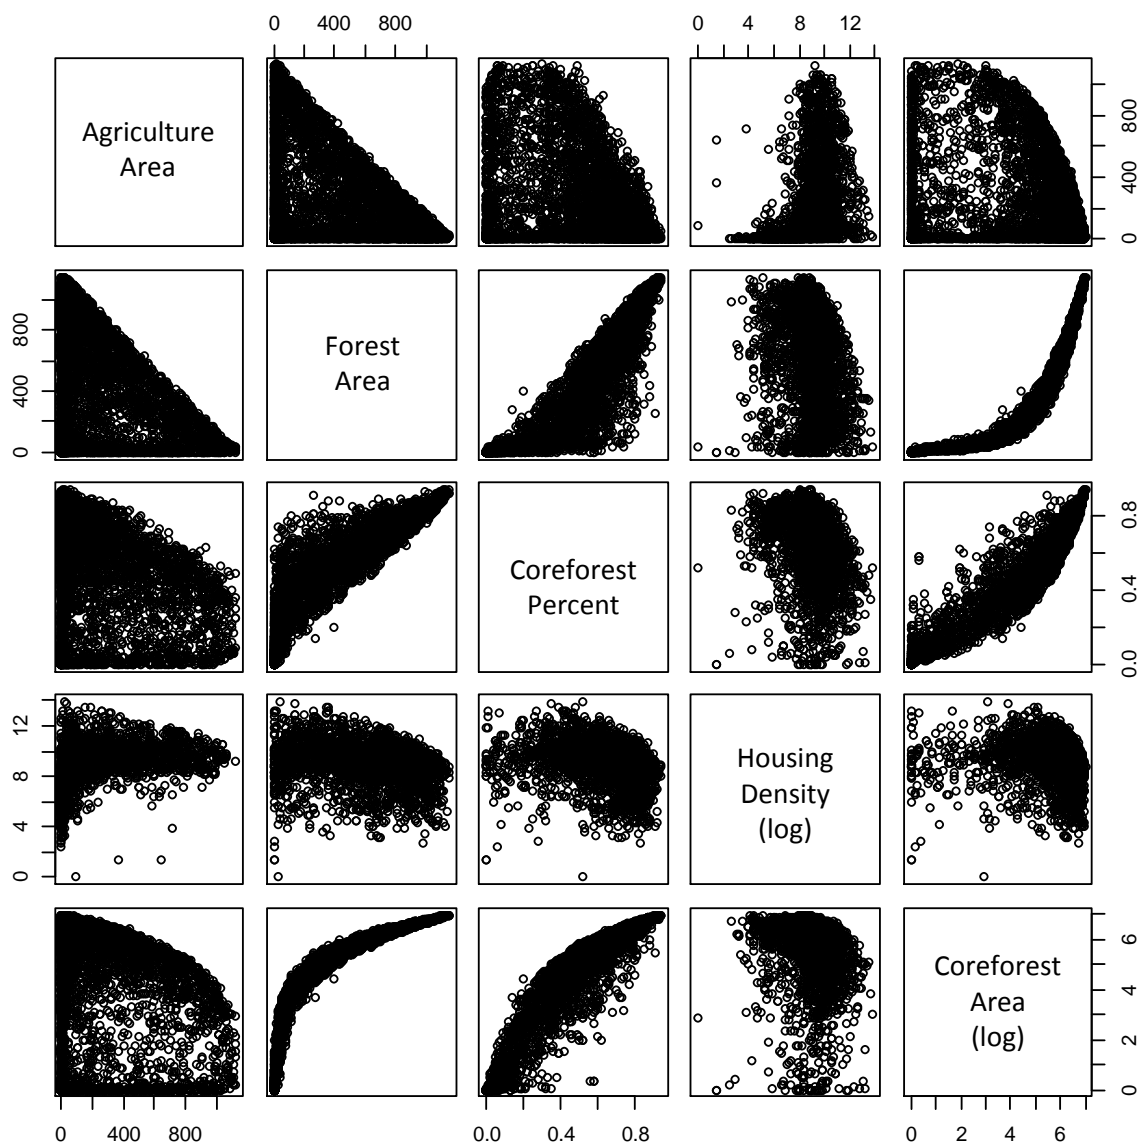

Figure: scatterplots of potential explanatory variables across all forested ecoregions combined in 1990

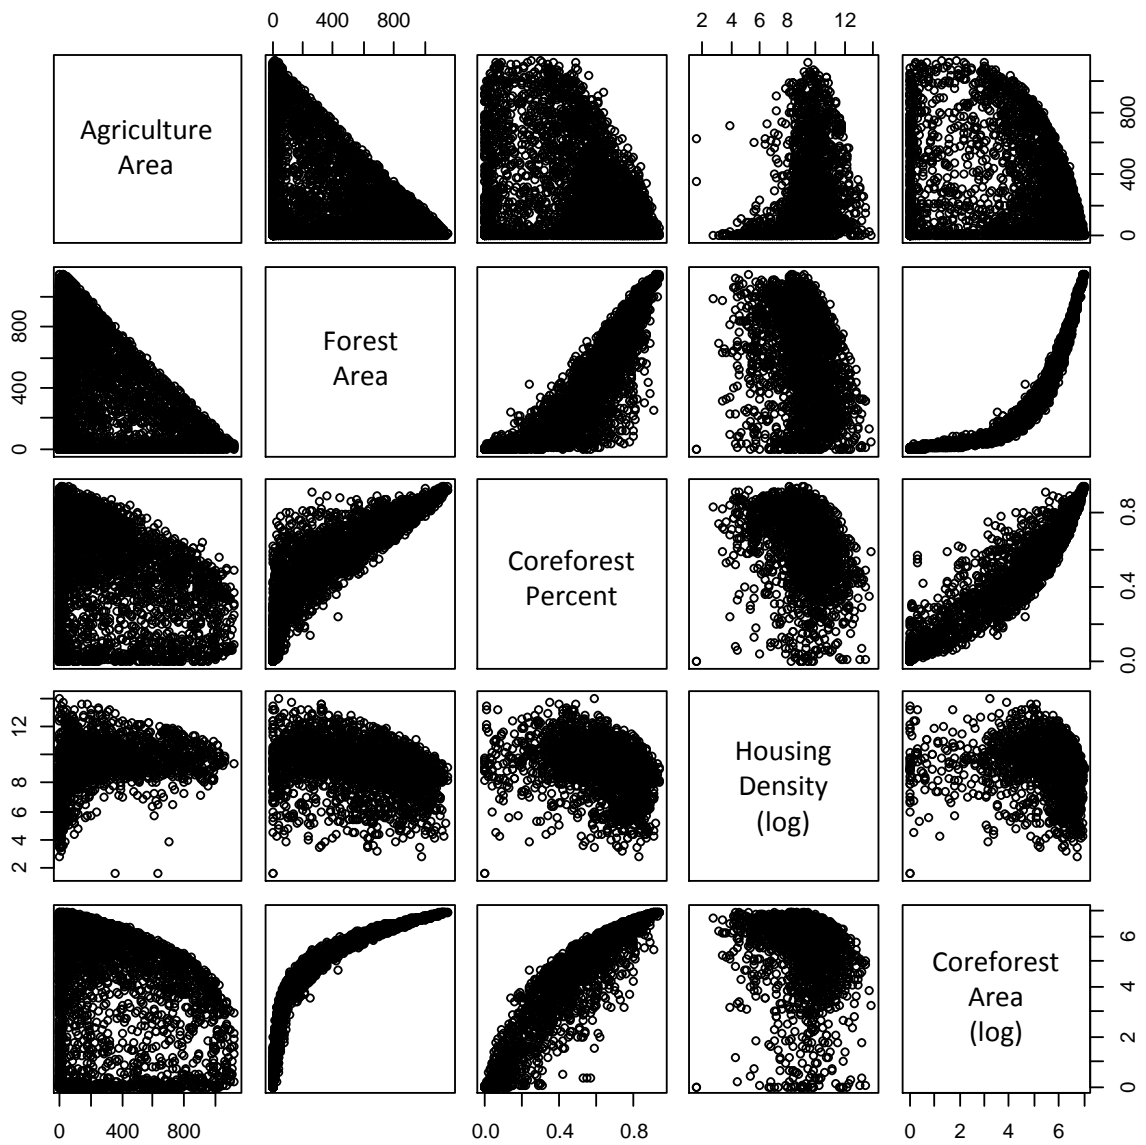

Figure: scatterplots of potential explanatory variables across all forested ecoregions combined in 2000

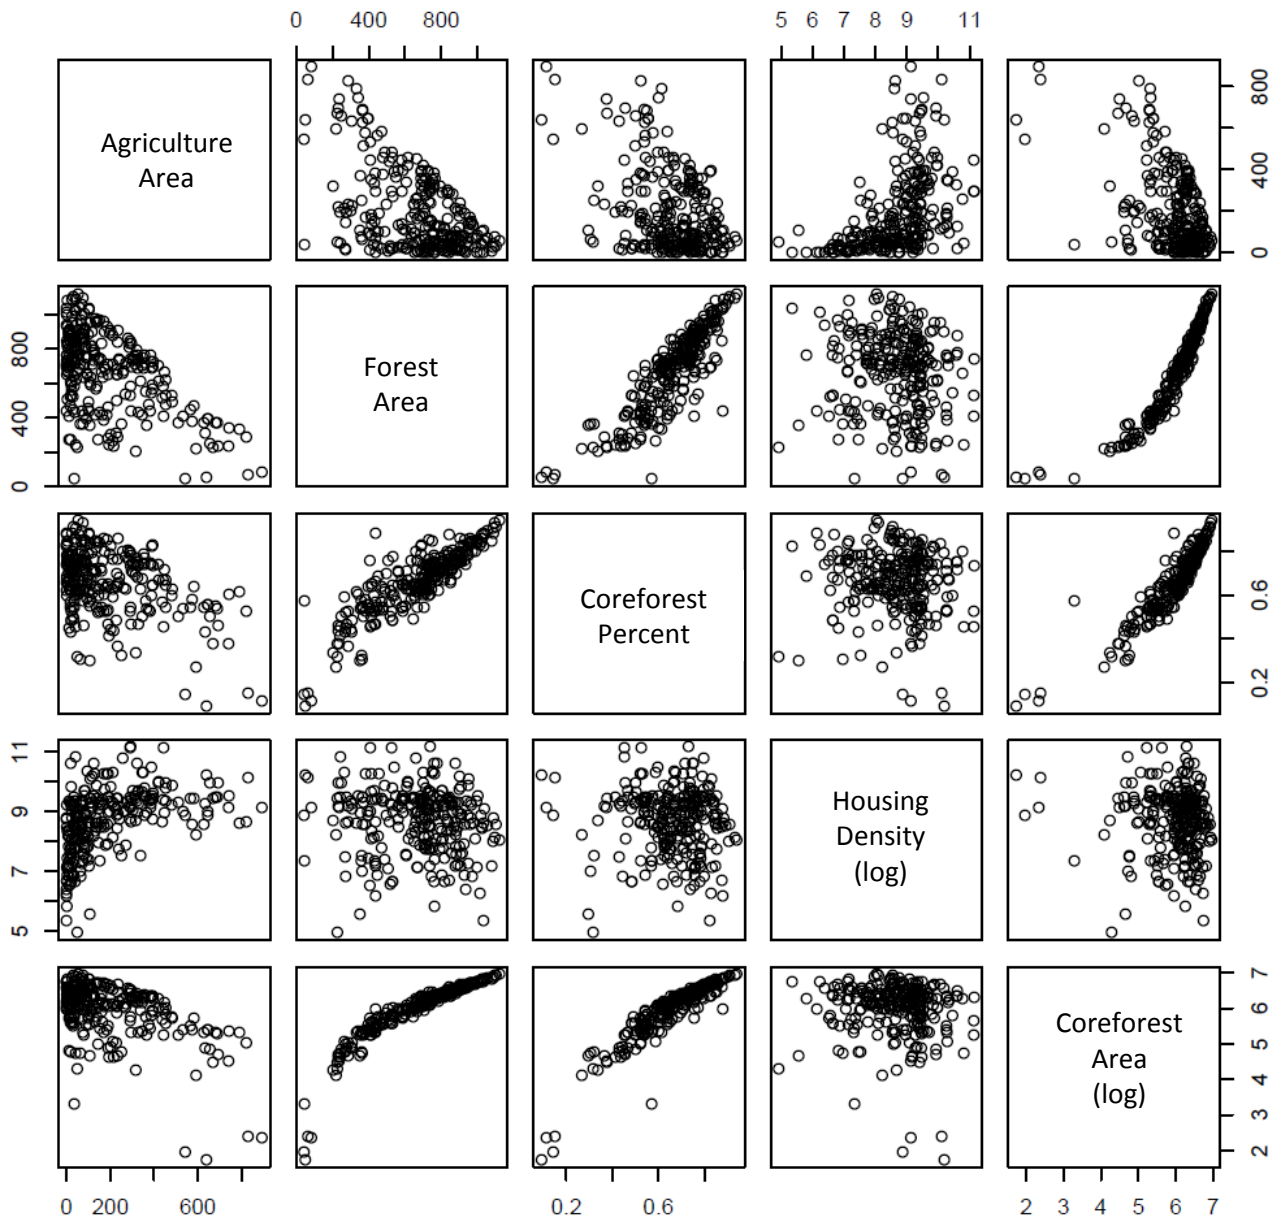

Figure: scatterplots of potential explanatory variables in 1990 in the Laurentian Mixed Forest ecoregion.

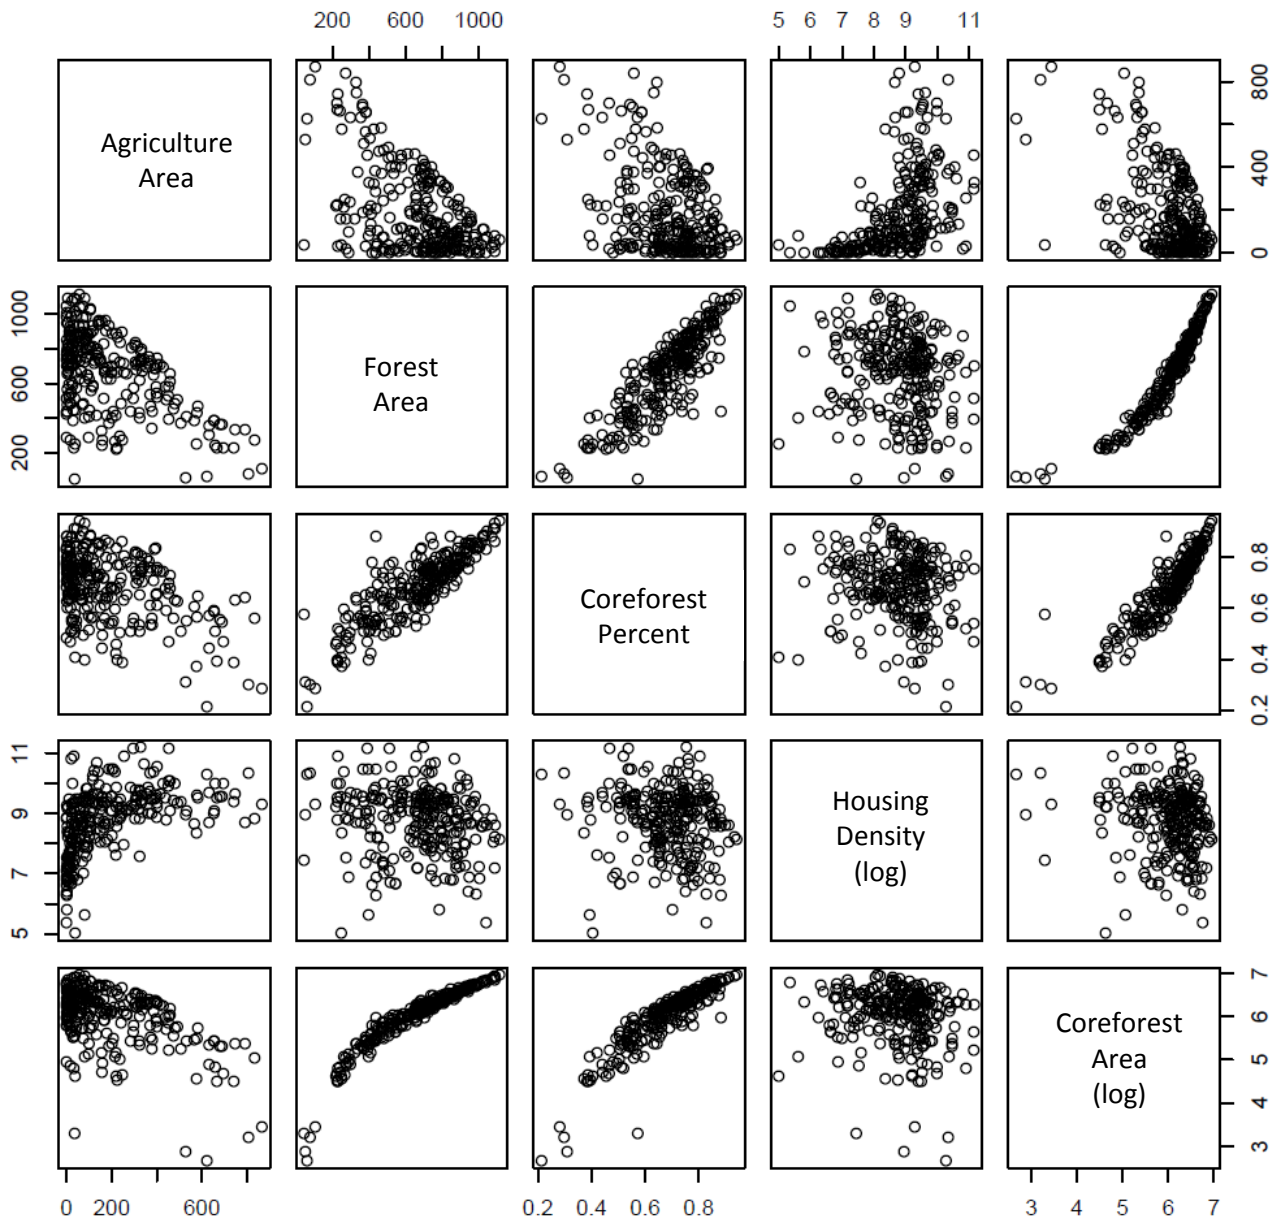

Figure: scatterplots of potential explanatory variables in 2000 in the Laurentian Mixed Forest ecoregion.

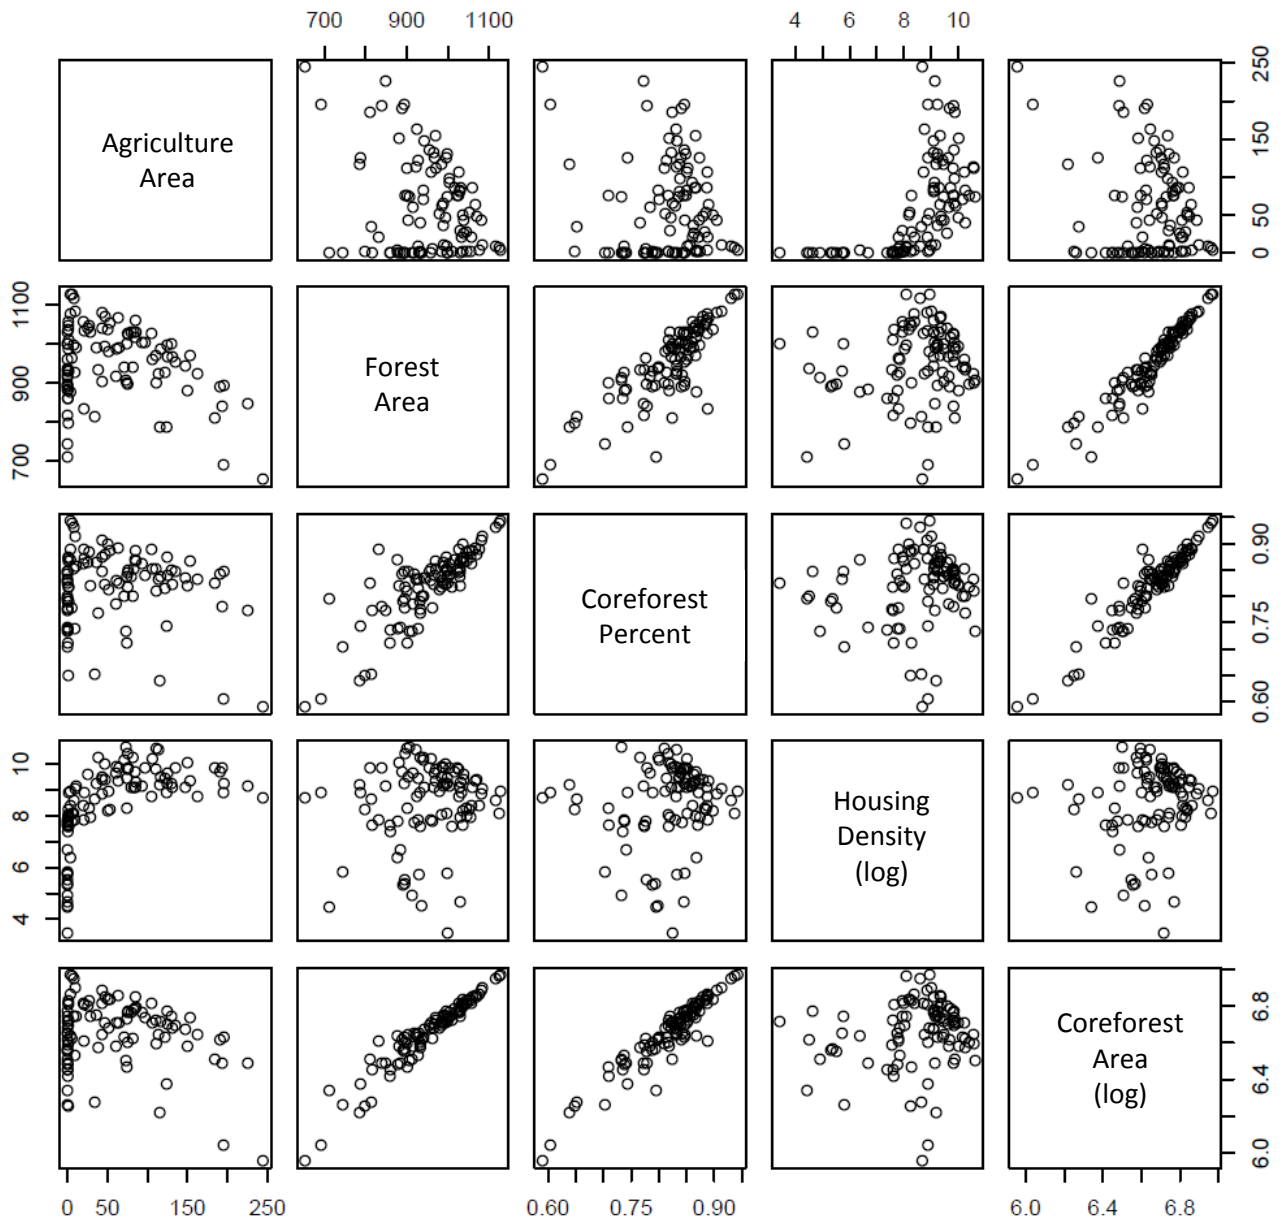

Figure: scatterplots of potential explanatory variables across in 1990 in the Adirondack-New England Mixed ecoregion.

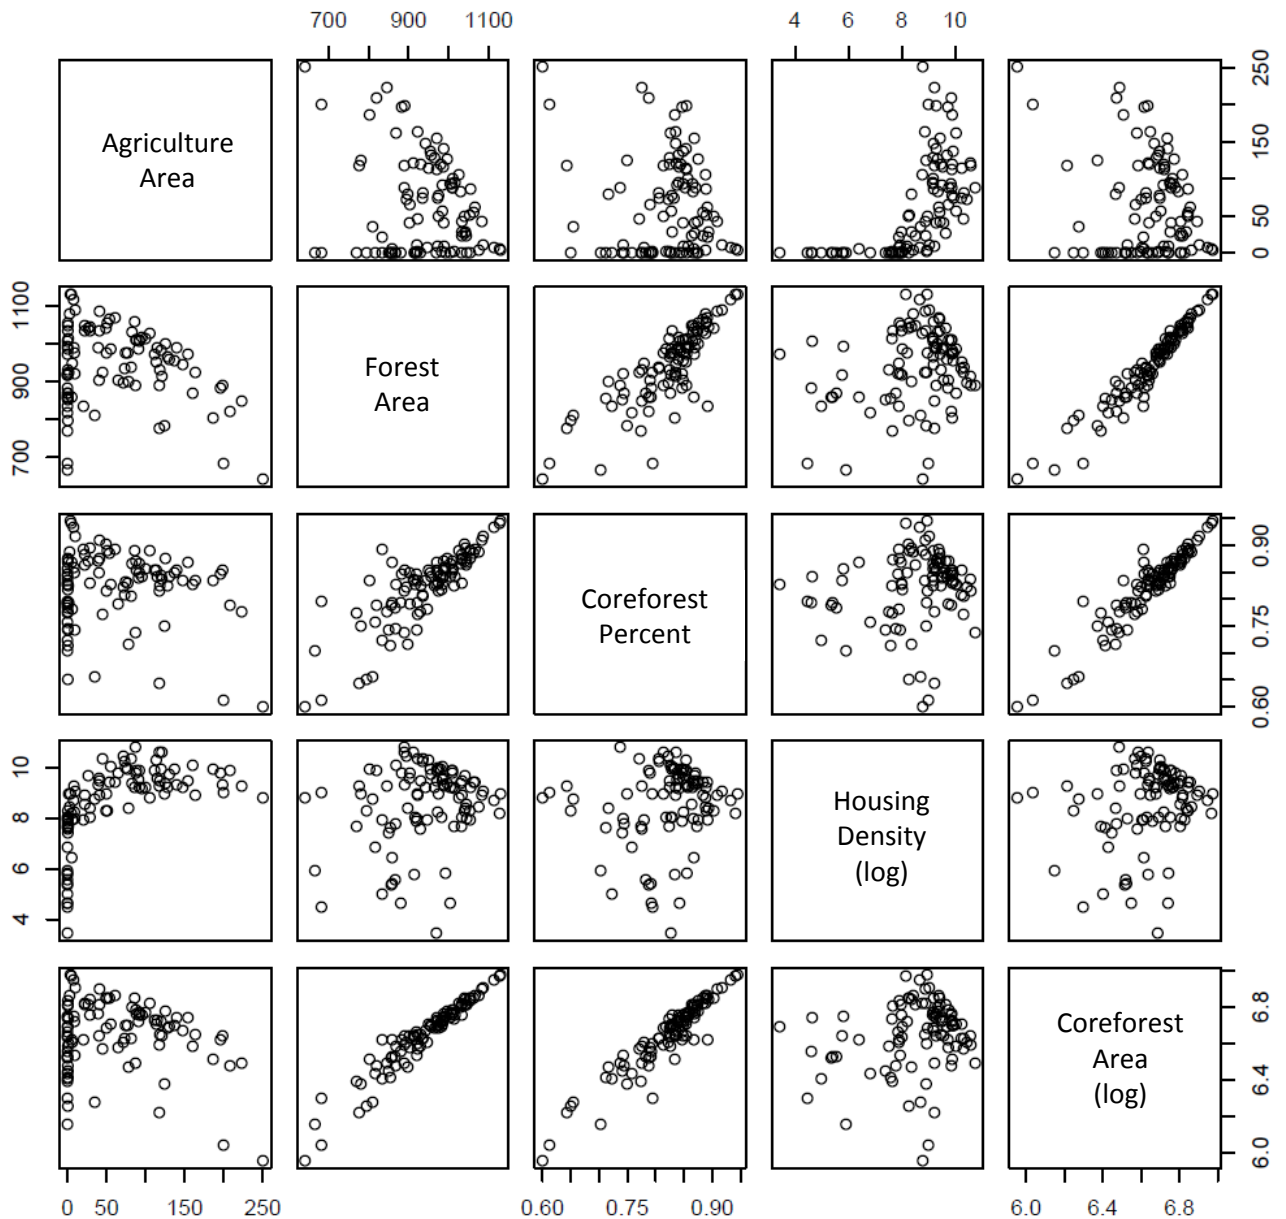

Figure: scatterplots of potential explanatory variables in 2000 in the Adirondack-New England Mixed ecoregion.

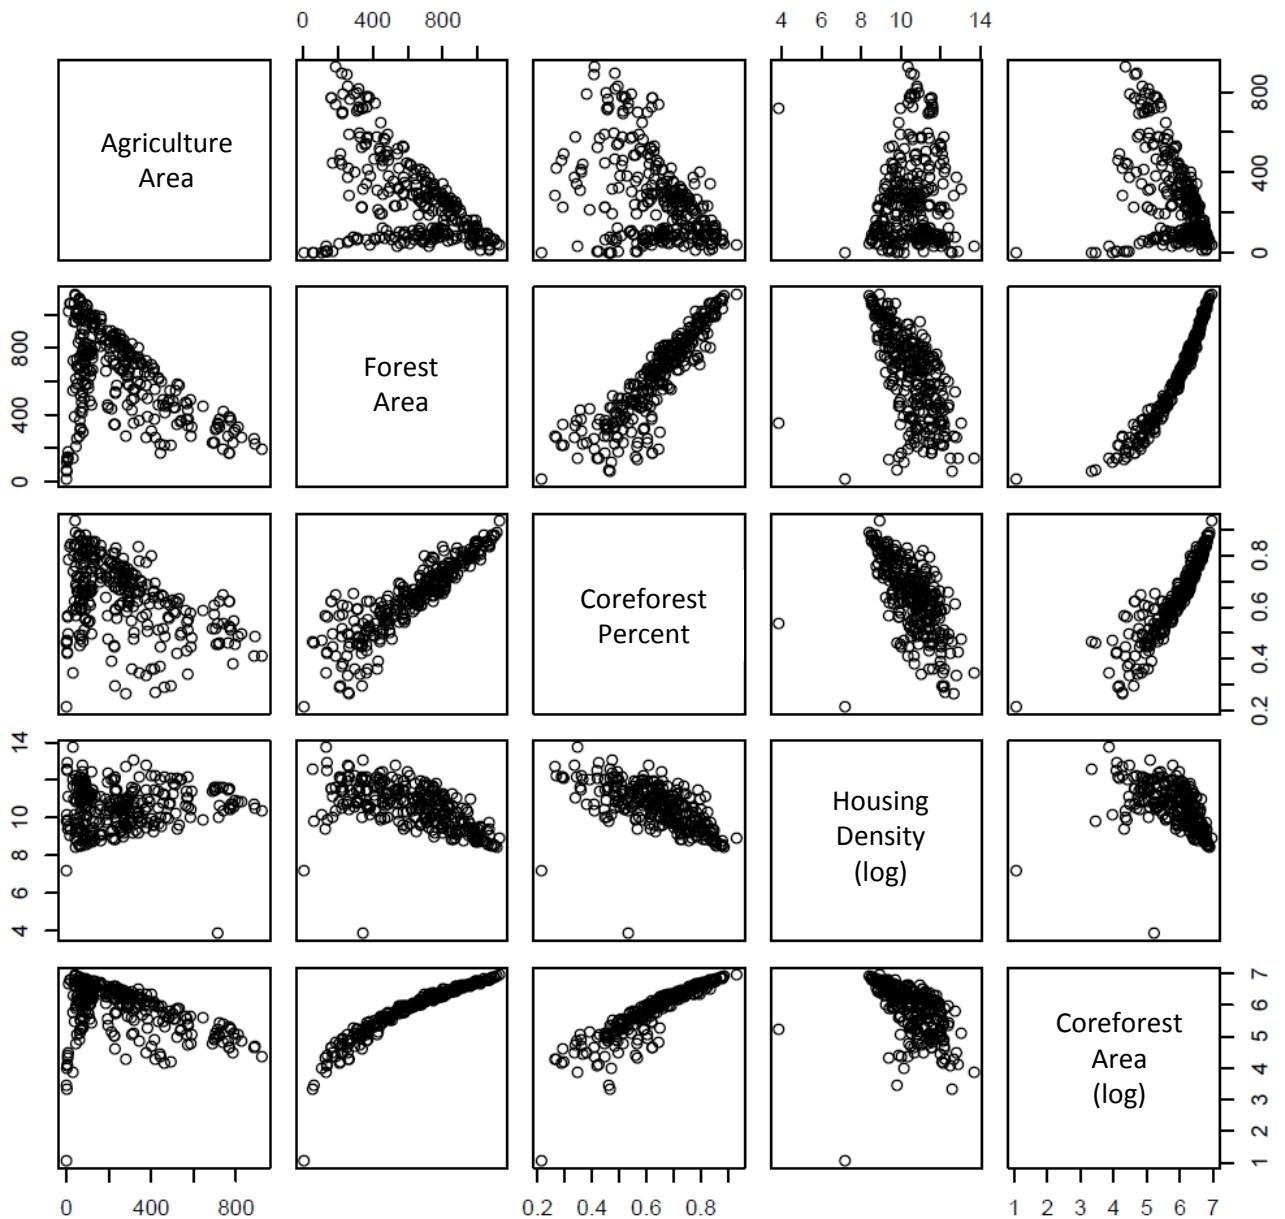

Figure: scatterplots of potential explanatory variables in 1990 in the Eastern Broadleaf (Oceanic) ecoregion.

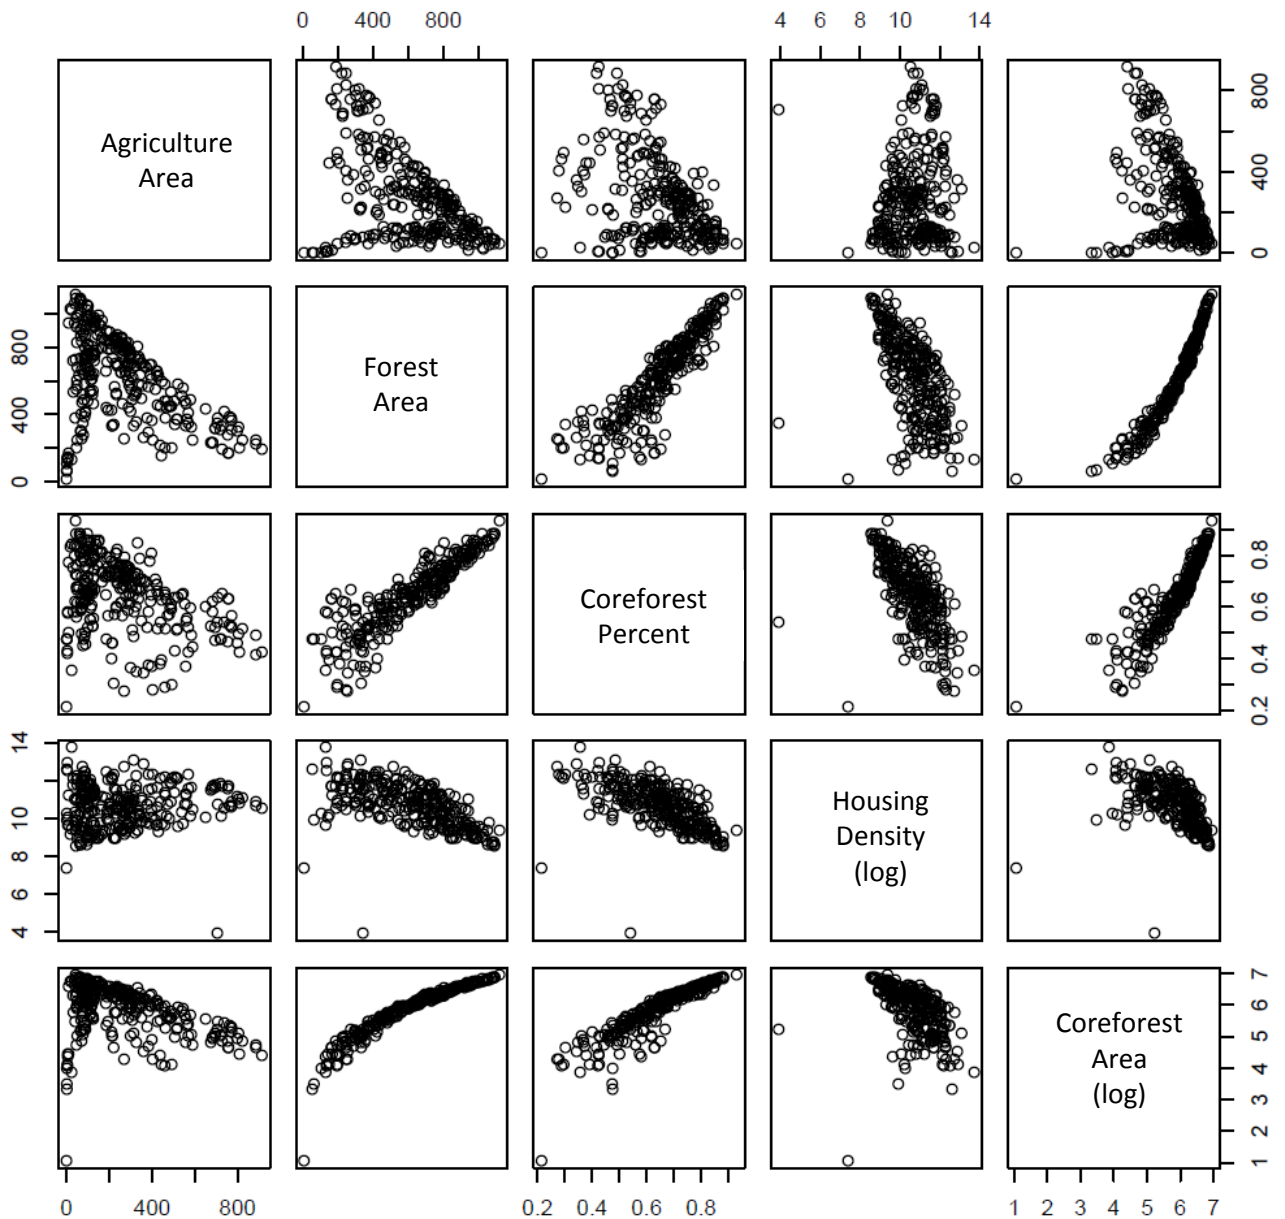

Figure: scatterplots of potential explanatory variables in 2000 in the Eastern Broadleaf (Oceanic) ecoregion.

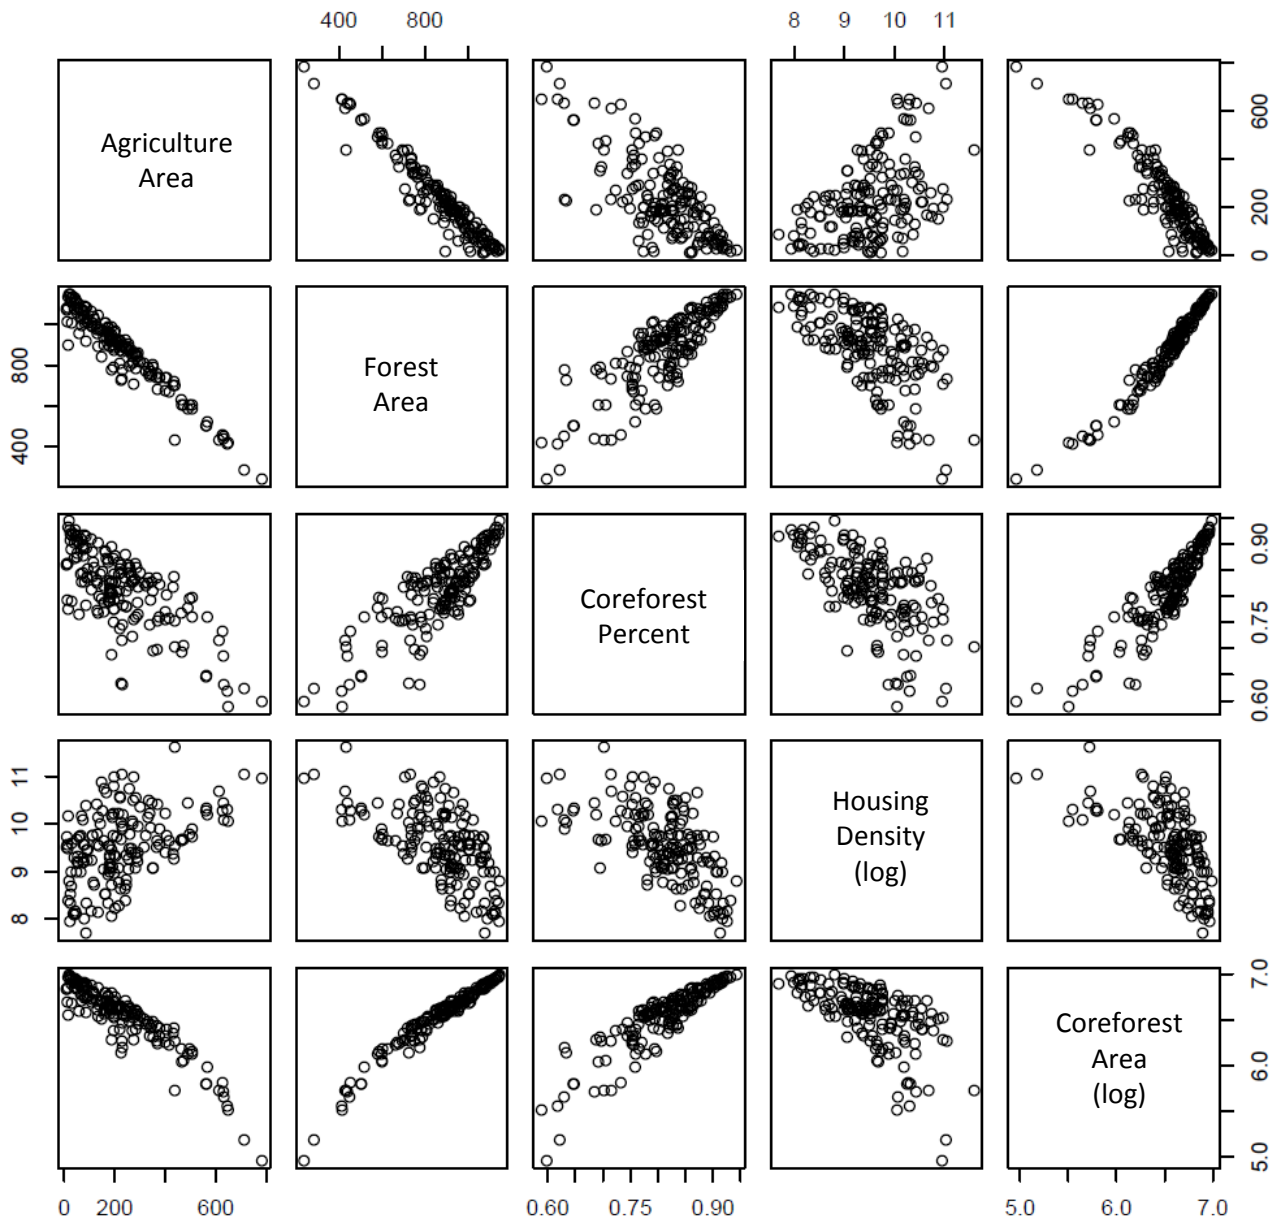

Figure: scatterplots of potential explanatory variables in 1990 in the Central Appalachian ecoregion.

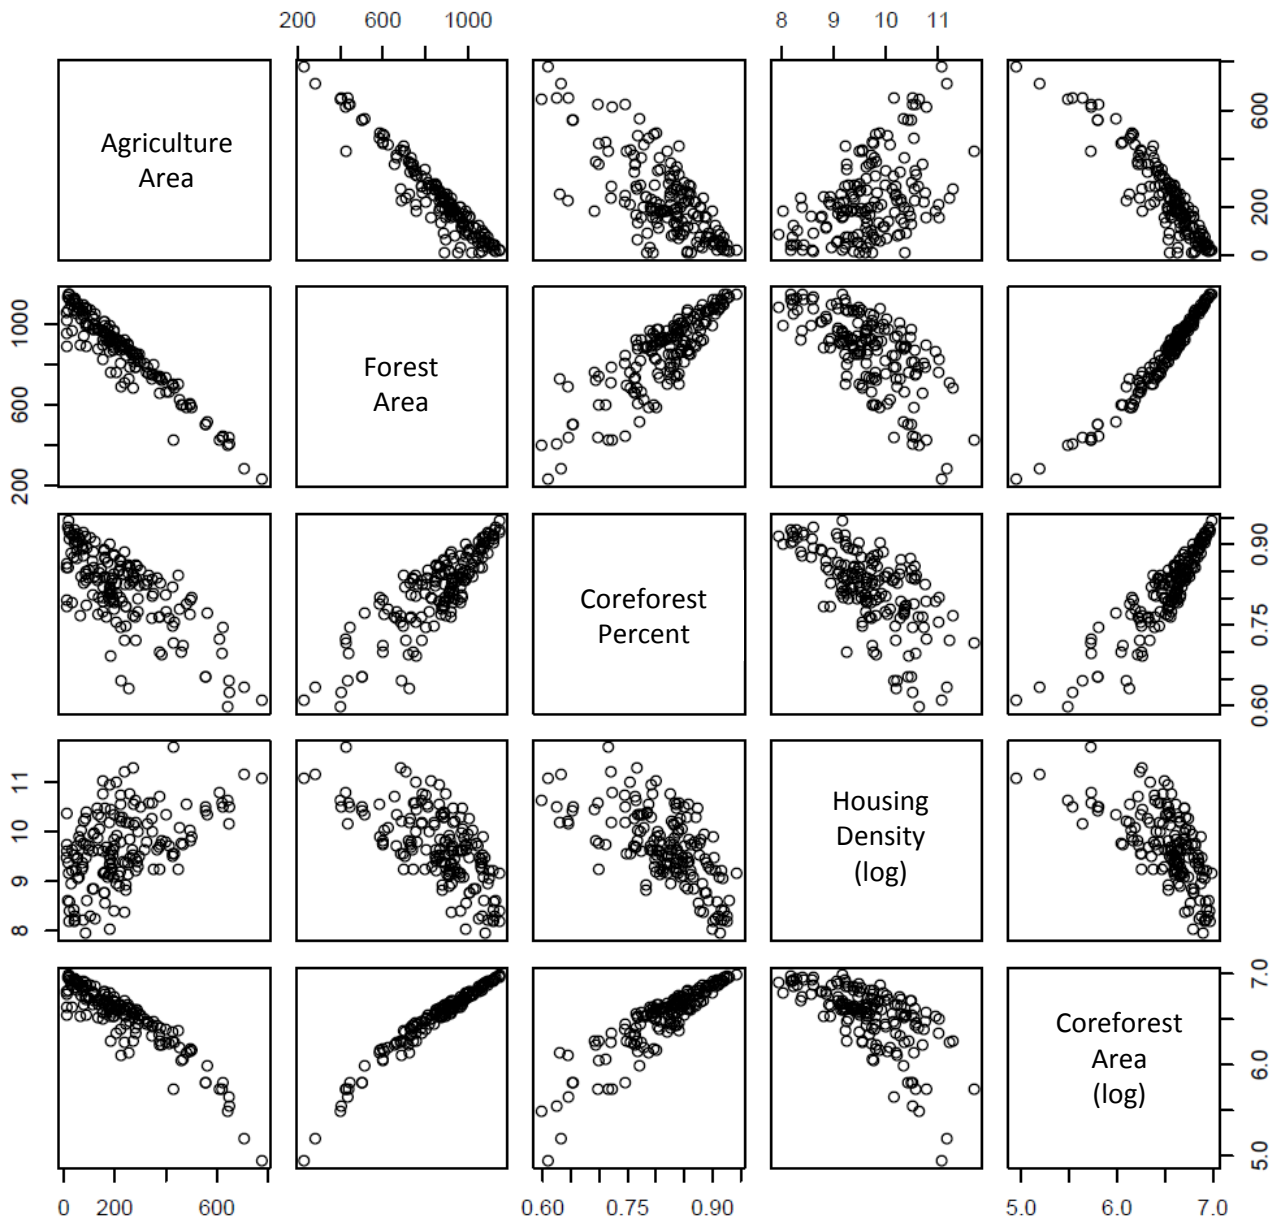

Figure: scatterplots of potential explanatory variables in 2000 in the Central Appalachian ecoregion.

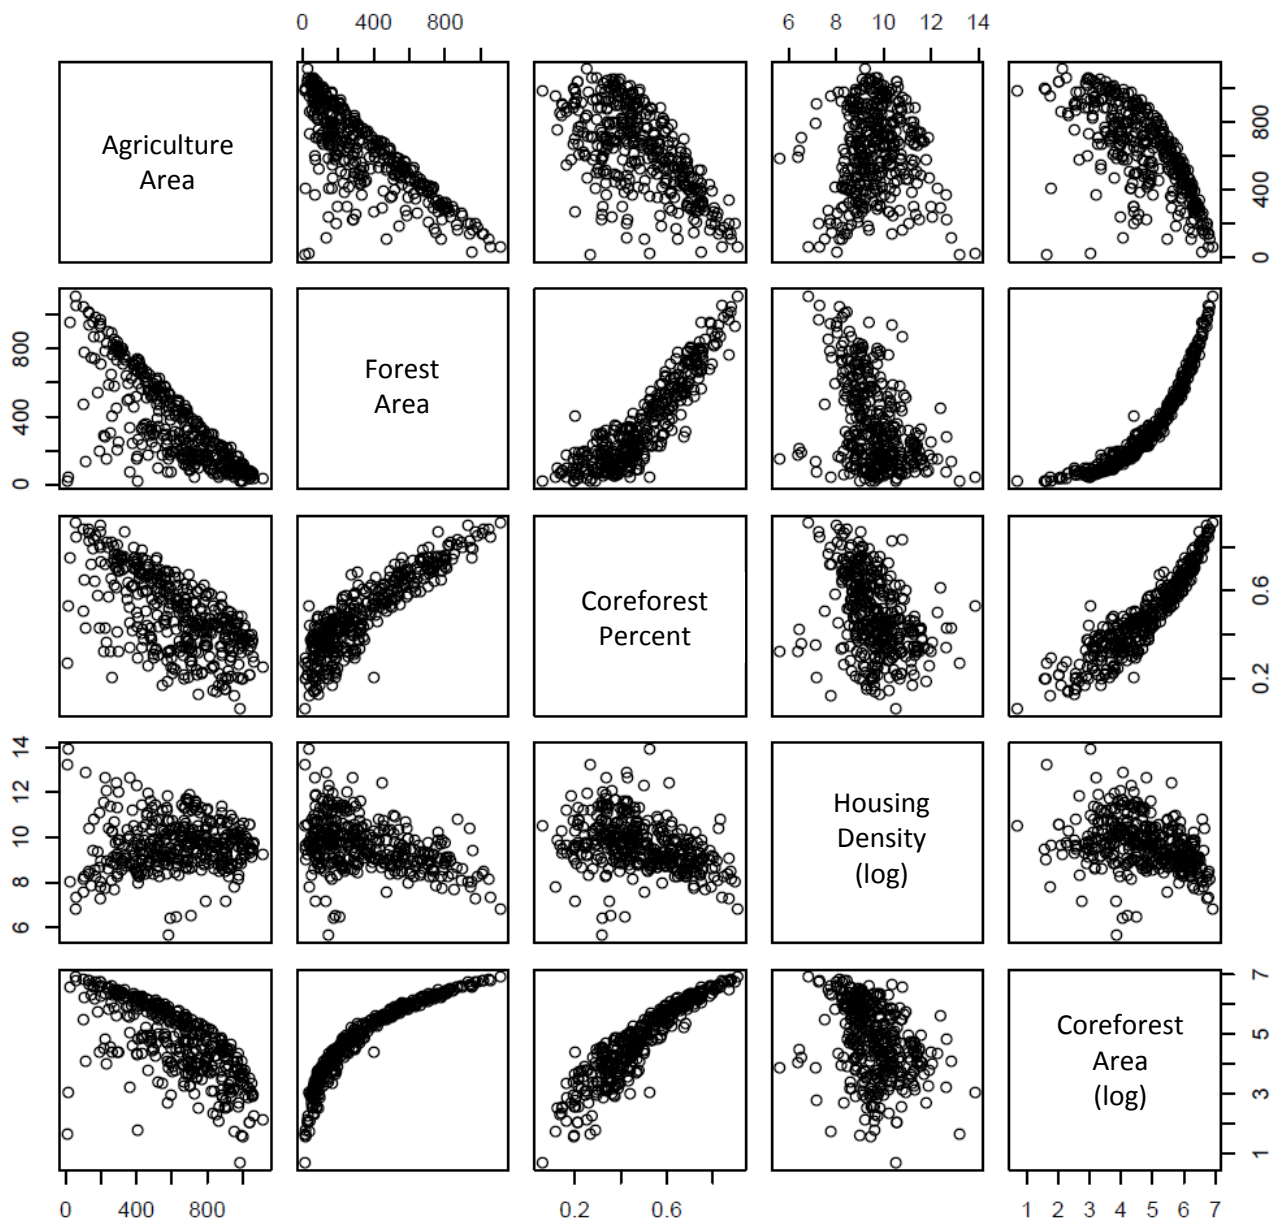

Figure: scatterplots of potential explanatory variables in 1990 in the Eastern Broadleaf (Continental) ecoregion.

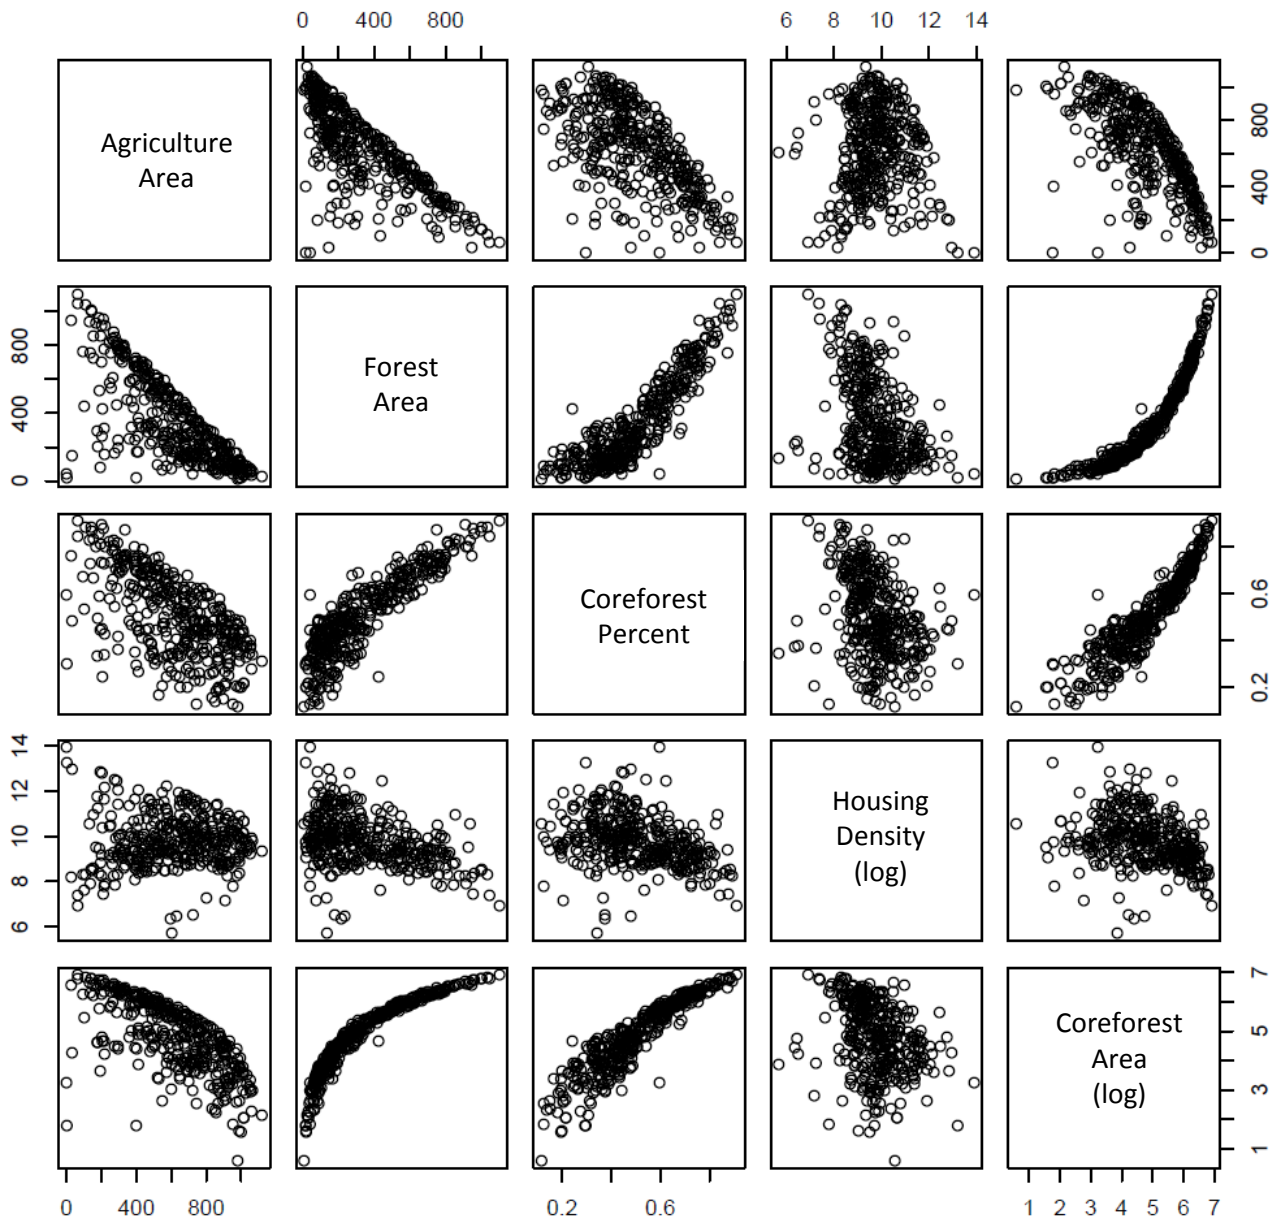

Figure: scatterplots of potential explanatory variables in 2000 in the Eastern Broadleaf (Continental) ecoregion.

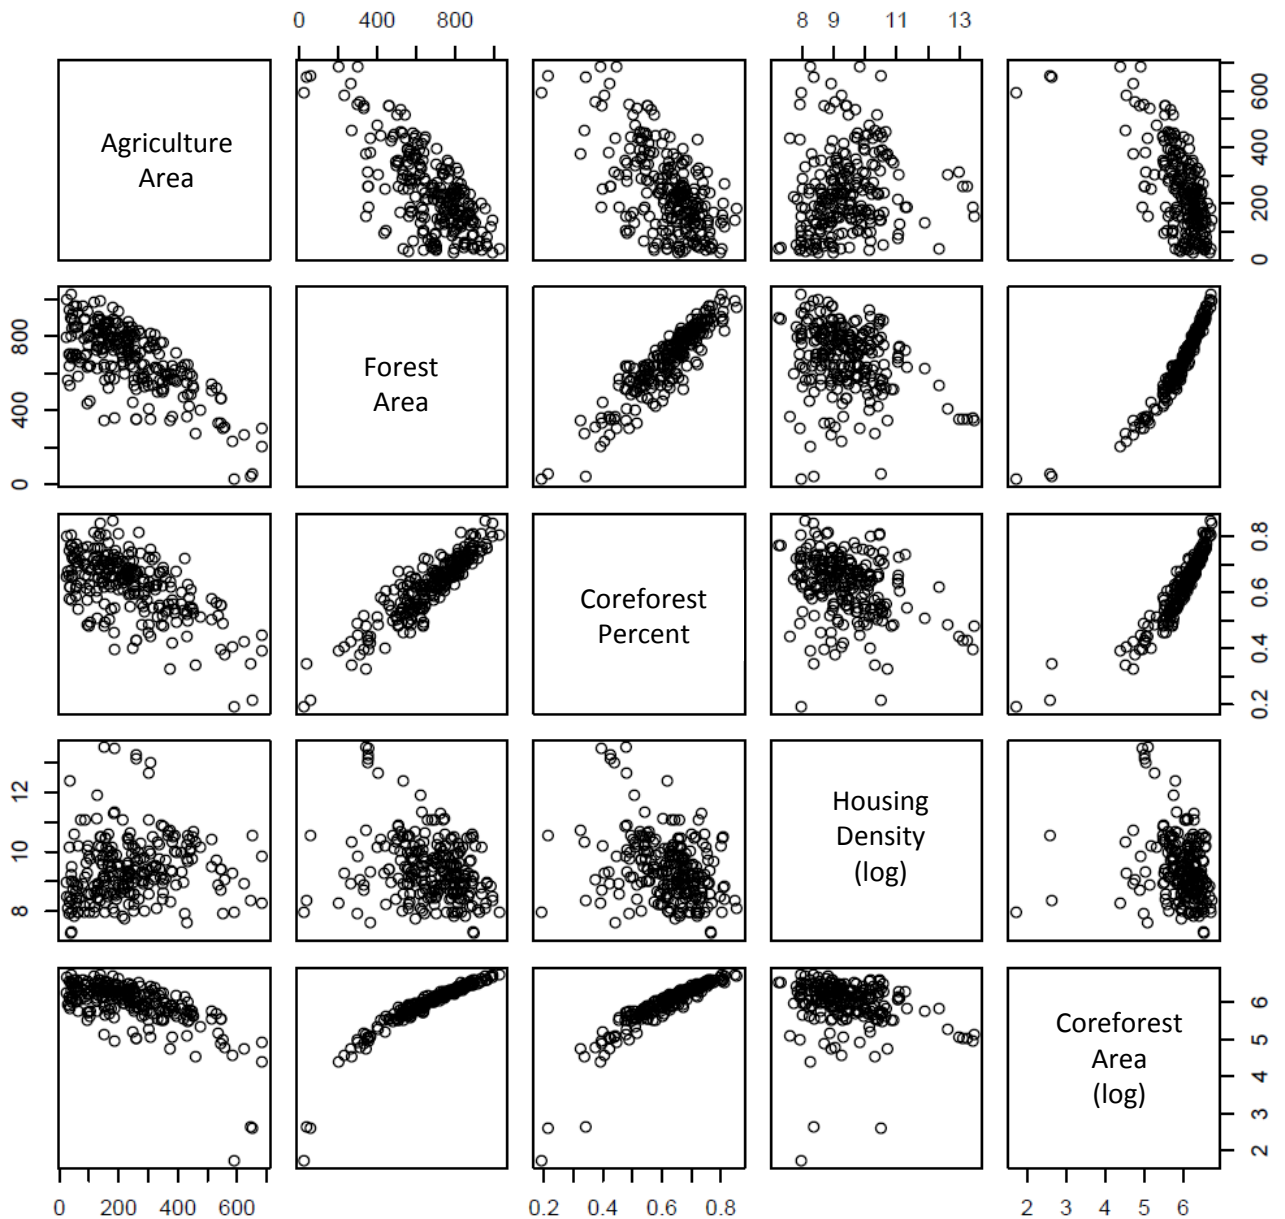

Figure: scatterplots of potential explanatory variables in 1990 in the Southern Mixed Forest ecoregion.

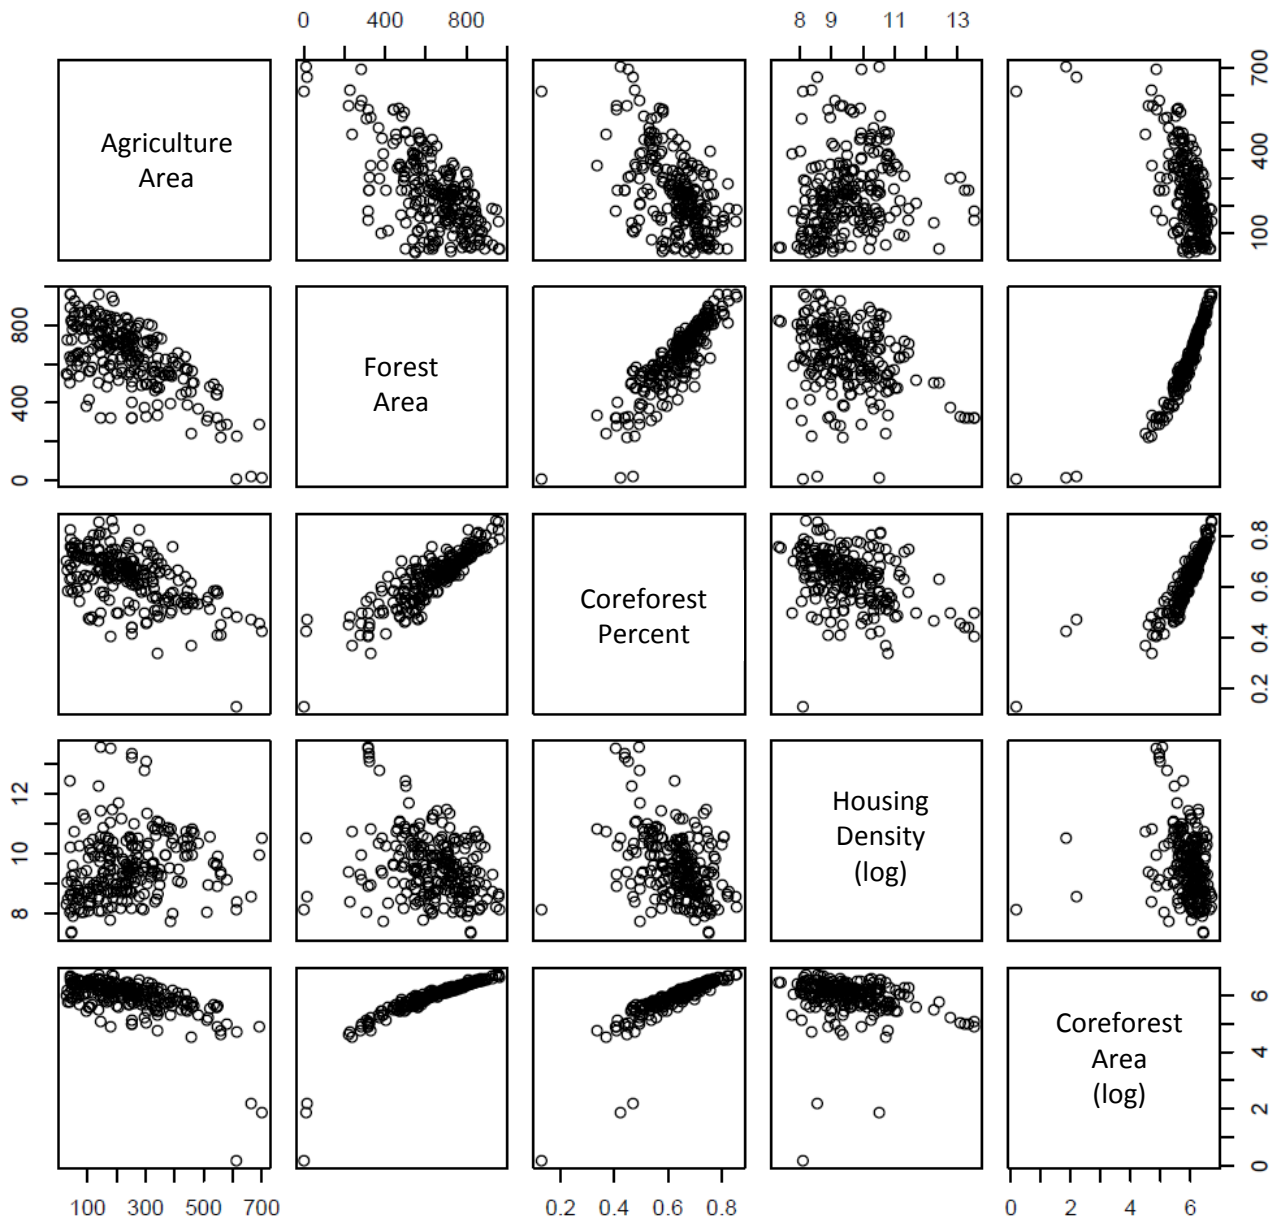

Figure: scatterplots of potential explanatory variables in 2000 in the Southern Mixed Forest ecoregion.

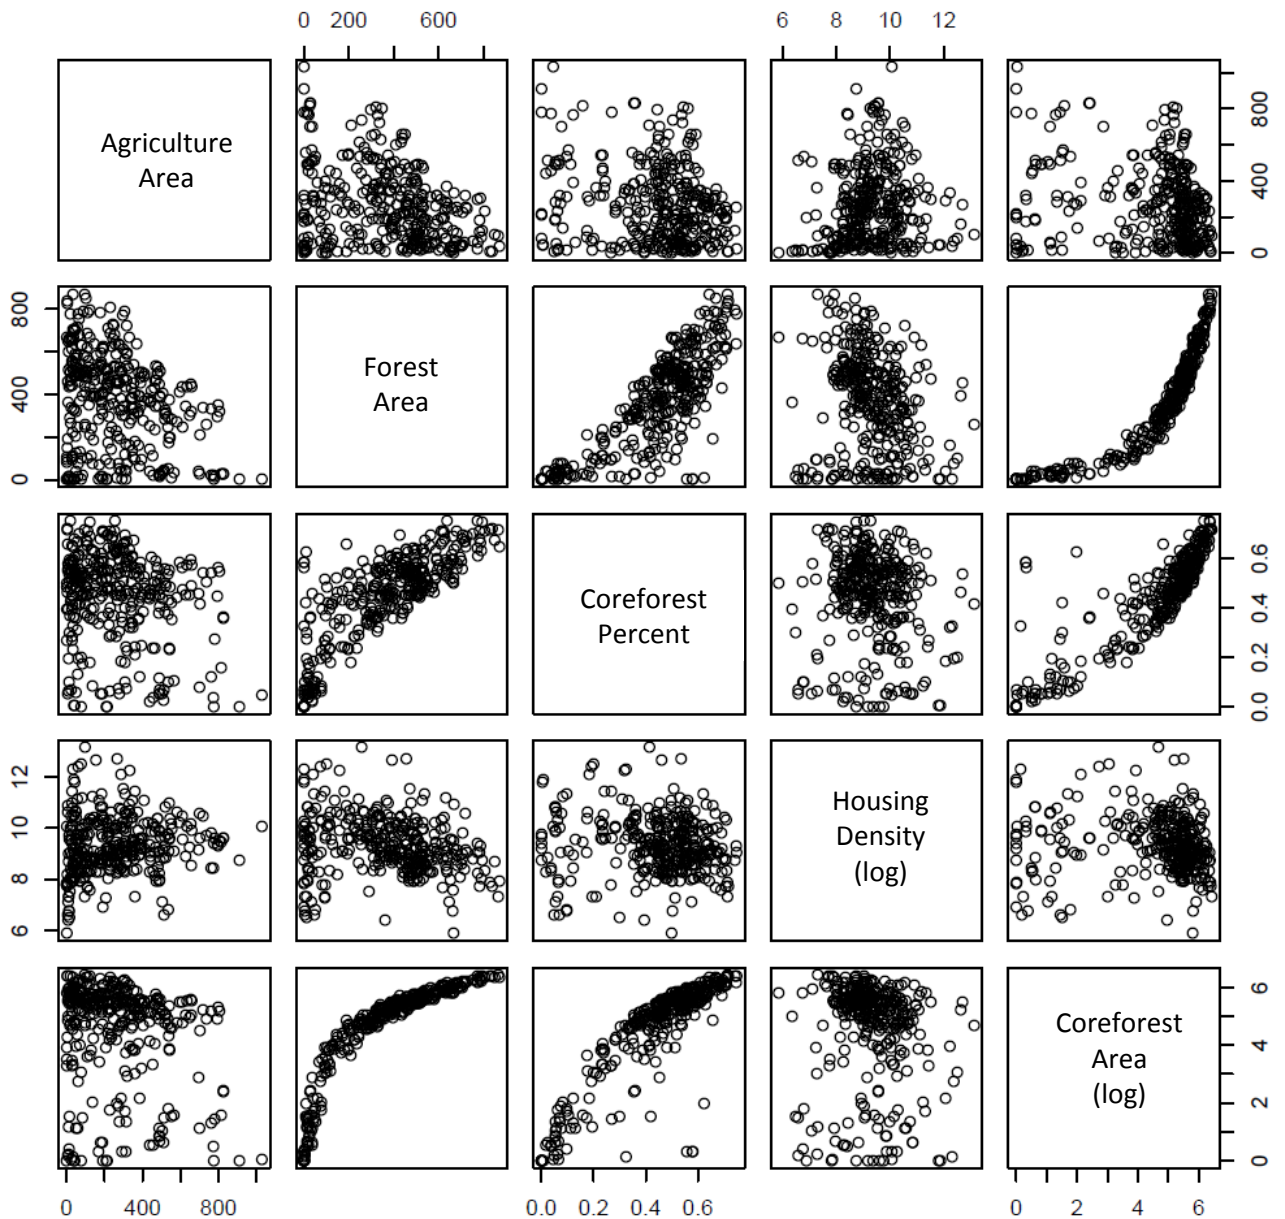

Figure: scatterplots of potential explanatory variables in 1990 in the Outer Coastal Plain Mixed ecoregion.

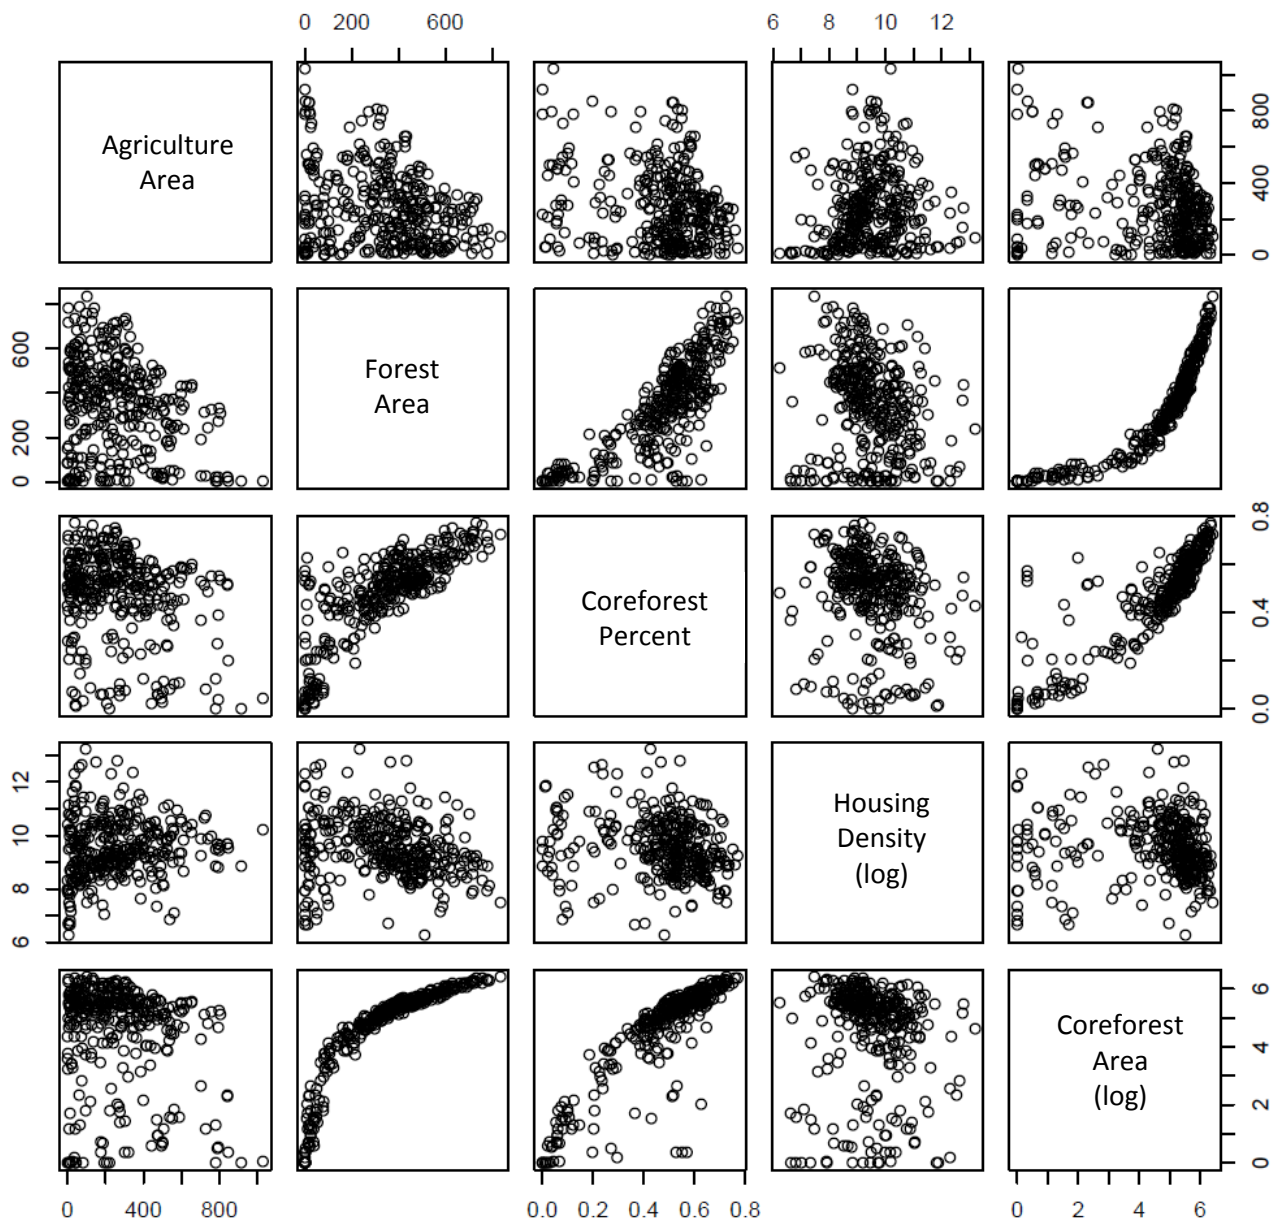

Figure: scatterplots of potential explanatory variables in 2000 in the Outer Coastal Plain Mixed ecoregion.

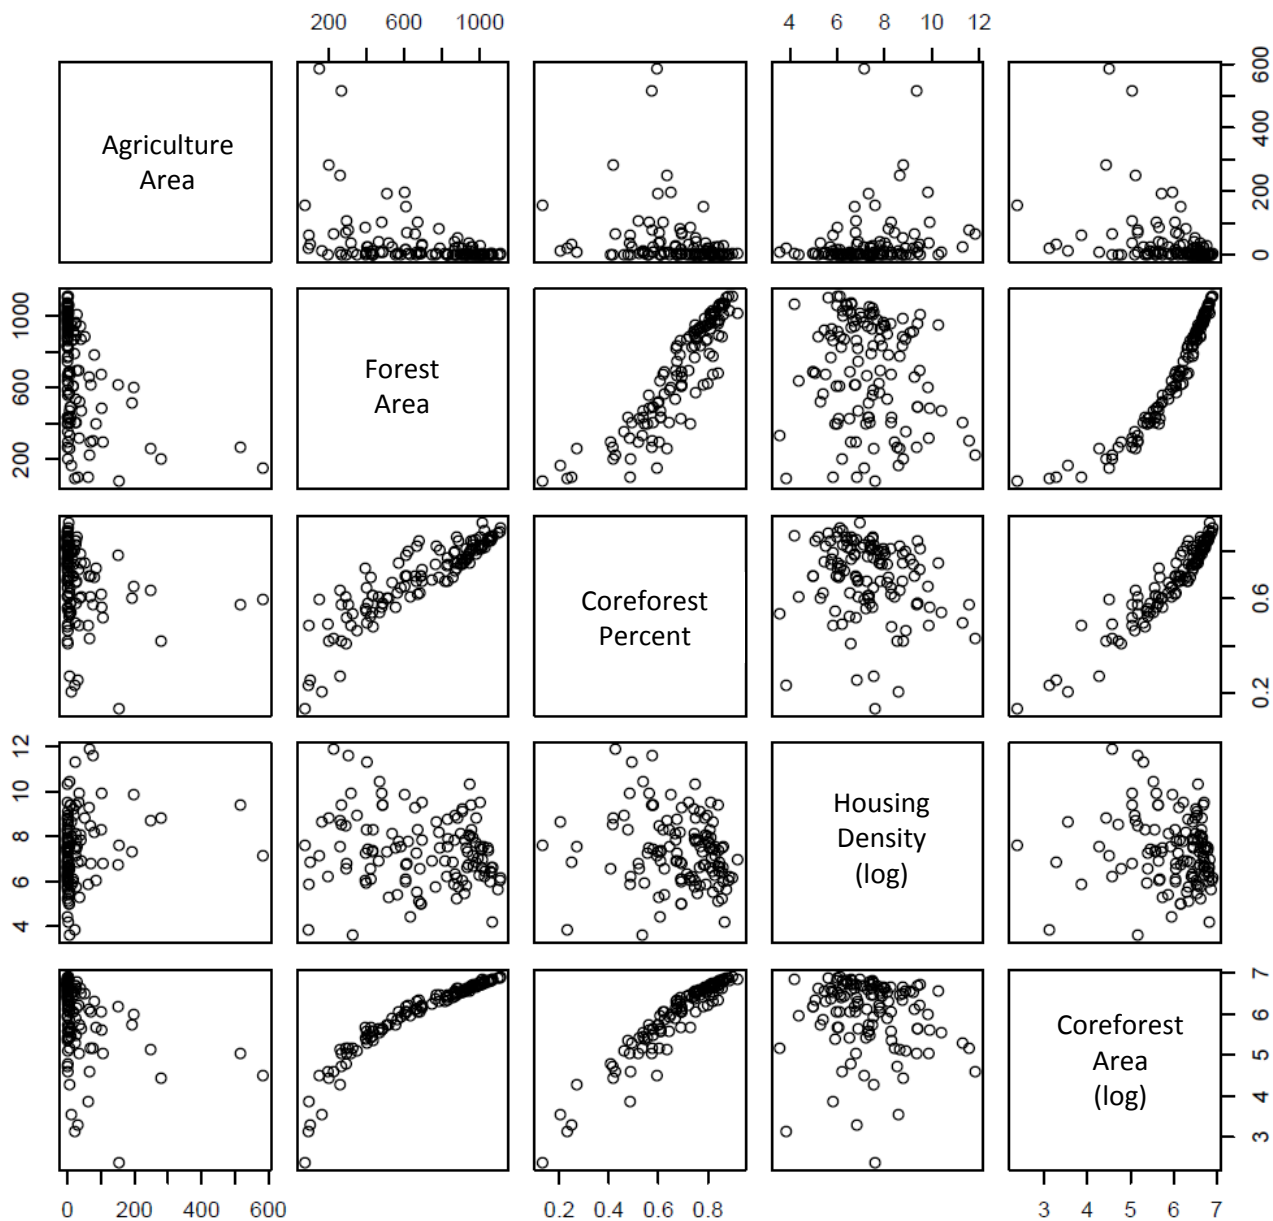

Figure: scatterplots of potential explanatory variables in 1990 in the Sierran Mixed ecoregion.

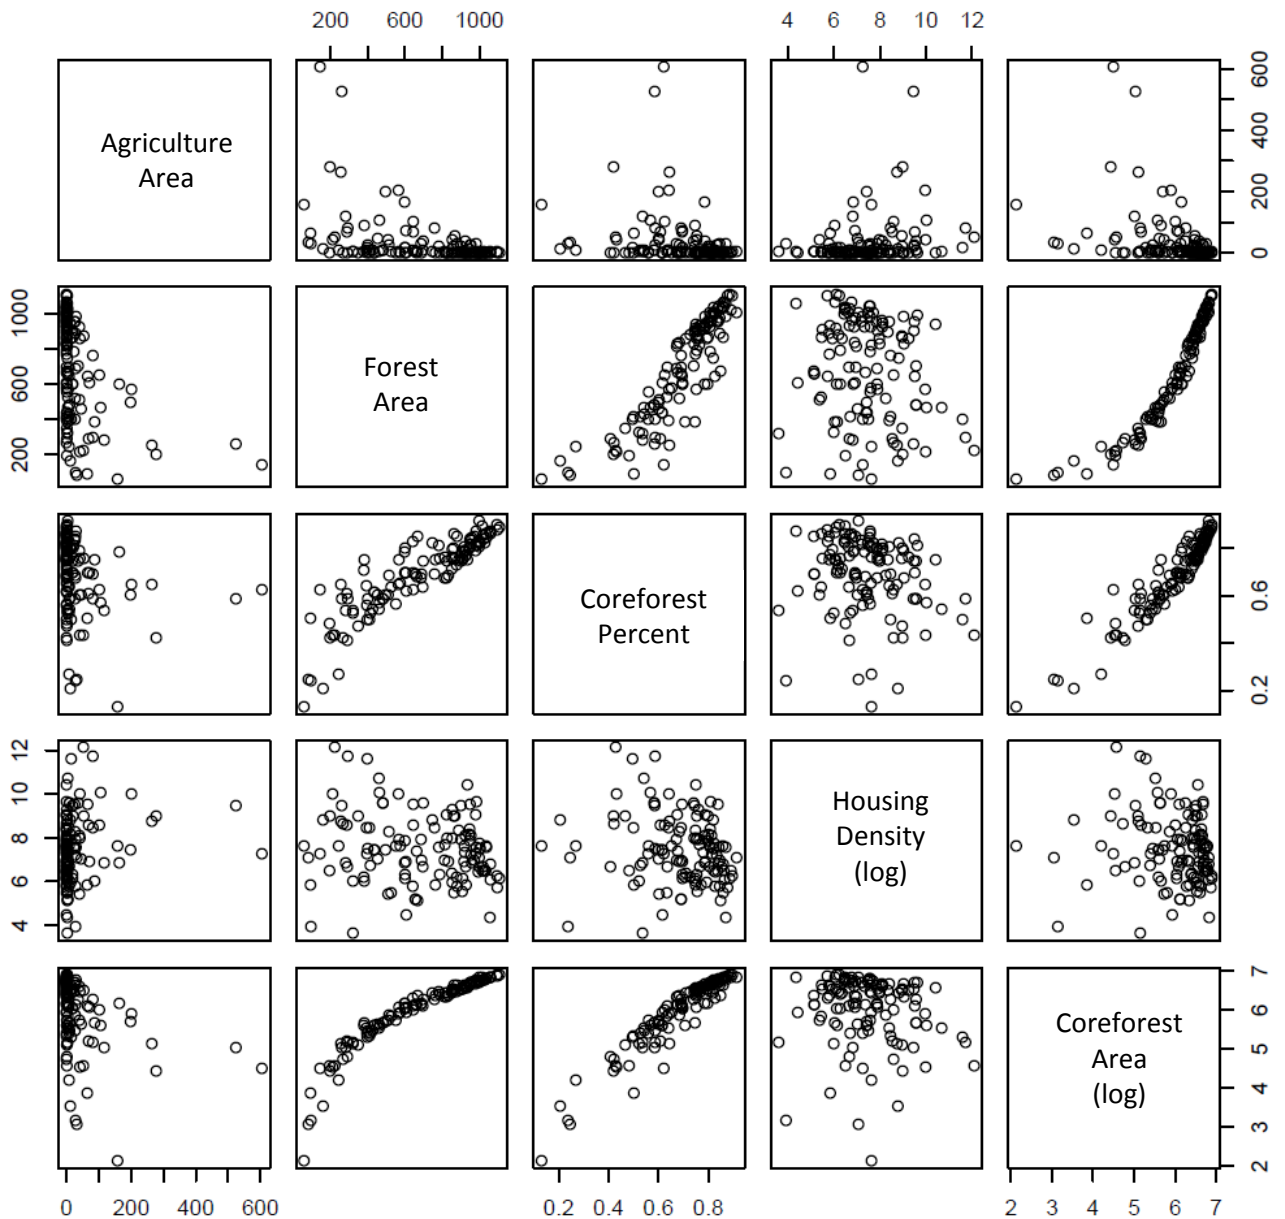

Figure: scatterplots of potential explanatory variables in 2000 in the Sierran Mixed ecoregion.

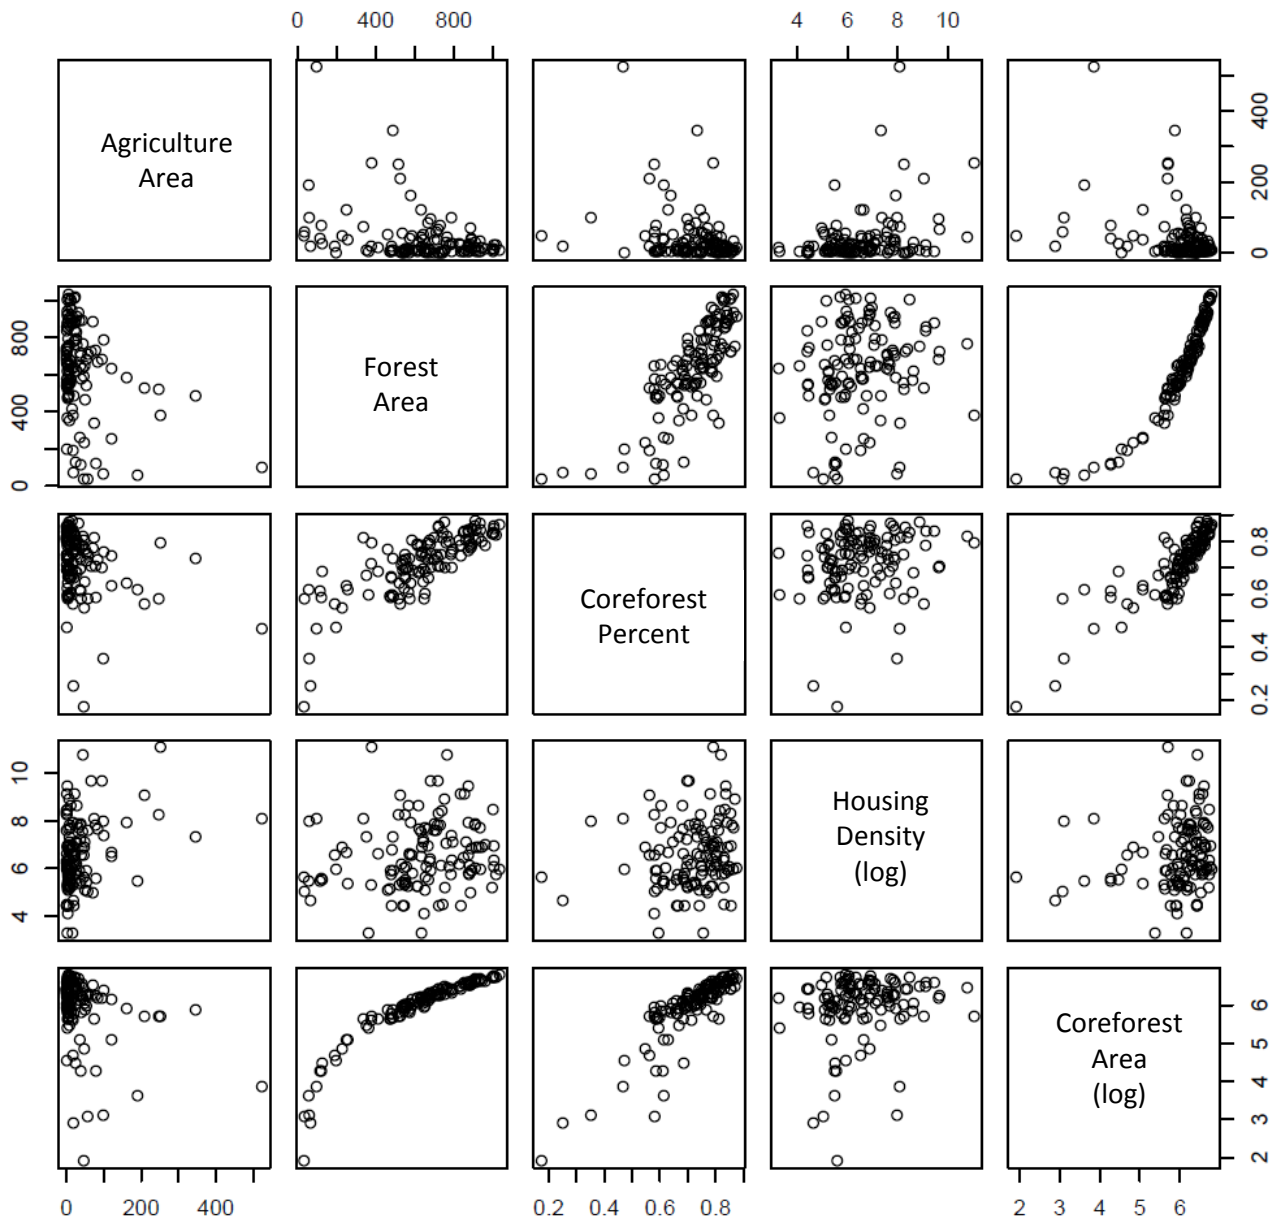

Figure: scatterplots of potential explanatory variables in 1990 in the Southern Rocky Mountain ecoregion.

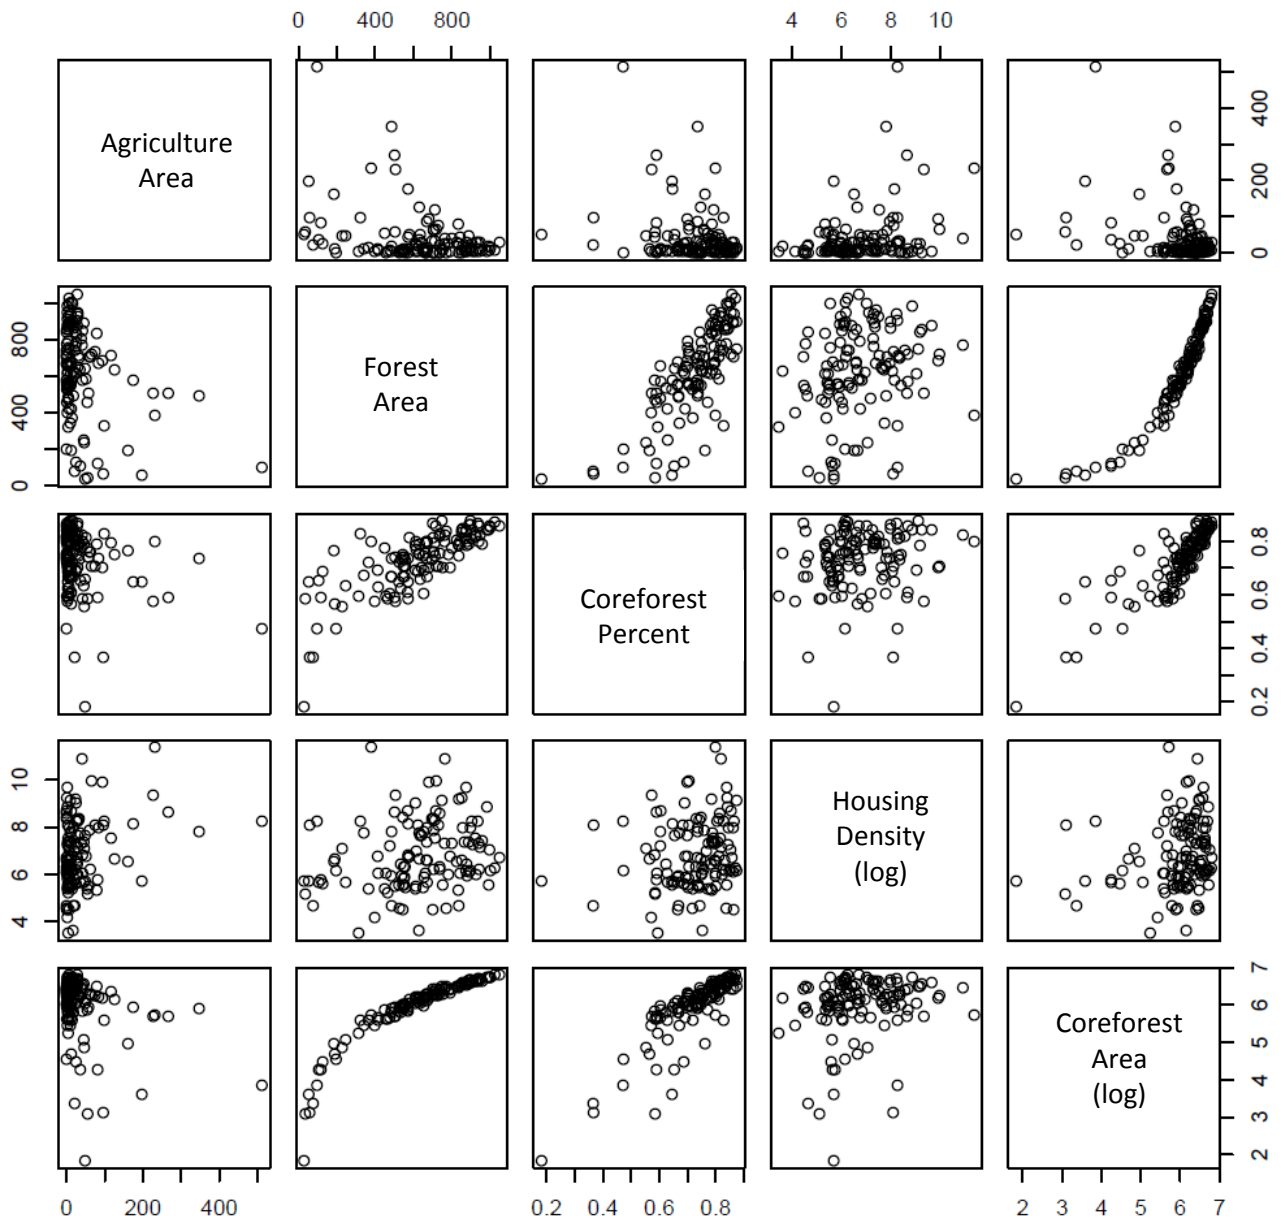

Figure: scatterplots of potential explanatory variables in 2000 in the Southern Rocky Mountain ecoregion.
