Oregon County Extension Offices	27

PUBLICATIONS listed here are available from your County Extension Agent or from the Bulletin Mailing Service, Industrial Building, Oregon State University, Corvallis, Oregon 97331. Your Extension agent can assist you on specific problems not covered in the bulletins. Oregon Extension offices are listed on page 24.

Distribution Policies
(Please observe limitations)

Oregon residents: Single copies of most publications are free. **Please limit your order to 5 or 6 titles of current interest**, then order other titles later as you need them. *Do not build a permanent reference file of these publications.* Many are revised each year and you will want to be sure you have the latest edition.

Nonresidents: We cannot make free distribution of publications outside Oregon. Your state can provide publications on most of these topics, and recommendations will be tailored to fit local conditions. We will quote prices on request. There is no standing price list since costs vary with each printing.

Students: Please make use of reference files in your library as much as possible. Our bulletins are on file in libraries of most land-grant colleges and universities, in many foreign schools, and in many Oregon high schools.

Libraries: Exchanges are managed by the Oregon State University Library, Serials Department, Corvallis, OR 97331.

Quantity orders: When supplies permit, we will sell quantities at the approximate production cost. The publications are not to be altered or imprinted in any way. For quotation, address Editor, Agricultural Experiment Station or OSU Extension Service, as appropriate. (Note series explanation on page 2.)

In ordering bulletins always
specify the series letters, numbers,
and the full title.

Publication Series

Extension

EB—Extension Bulletin

EC—Extension Circular

FS—Extension Fact Sheet

PNW—Pacific Northwest Extension
(*Oregon-Washington-Idaho*)

BP—Building Plan

FG—Fertilizer Guide Sheet

RP—Range Plant Identification Sheet

WRAES—Western Regional Agricultural En-
gineering Service

SG—Sea Grant Marine Advisory Publication

PASGAP—Pacific Sea Grant Advisory
Publication
(*Pacific Coast States*)

Handbooks—See description below[†]

Manual—See sales notes, pages 4 and 15.

A terminal S added to a series number indicates Spanish language publication.

Experiment Station

SB—Experiment Station Bulletin

CI—Experiment Station Circular of
Information

Technical Bulletins

Experiment Station Technical Bulletins, written for research workers and organized in standard technical report style, report completed research. Single copies will be mailed free to Oregon residents and to research workers upon request. For a list of these publications, write to the Bulletin Mailing Service. Non-U.S. orders can be subject to publication mailing charges.

Pest Control Handbooks

The OSU Extension Service compiles comprehensive control handbooks, revising them annually. These are completed by mid-April and usually are out of print by mid-summer. Send orders and payment to the OSU Bookstore, Inc., Box 489, Corvallis, Oregon 97330. Price is \$7.50 per book, plus 35¢ per copy for wrapping and mailing.

- *Oregon Weed Control Handbook*
- *Oregon Plant Disease Control Handbook*
- *Oregon Insect Control Handbook*

ANIMALS

- EB 829 Understanding Calf Scours
- EB 831 Oregon Carcass of Merit

FERTILIZER GUIDES

The FG series consists of single sheets intended as a guide for fertilizing specific crops. They are revised periodically so we suggest you order only those of immediate interest. A reference file would soon be obsolete. If you have need of the entire set of currently available guides, please send \$2.00. Make checks payable to the Oregon State University Extension Service. You may use the order blank at the end of this list.

FG 1 Irrigated Clover Grass Pastures (Western Oregon—West of Cascades)

FG 3 Liming Materials for Oregon

FG 4 Subclover-Grass Pastures (Western Oregon—West of Cascades)

- FG 5 Annual Ryegrass Seed (Western Oregon—West of Cascades)
- FG 6 Fine Fescue Seed (Western Oregon—West of Cascades)
- FG 7 Highland Bent Grass Seed (Also Astoria and Exeter) (Western Oregon—West of Cascades)

Extension Service, Oregon State University, Corvallis, Henry A. Wadsworth, director. This publication was produced and distributed in furtherance of the Acts of Congress of May 8 and June 30, 1914. Extension work is a cooperative program of Oregon State University, the U. S. Department of Agriculture, and Oregon counties. Extension invites participation in its programs and offers them equally to all people, without discrimination.
