# LIST OF PUBLICATIONS ON FIRE PROTECTION

US Madison, Wise.

This list includes publications that give general information and the results of research by the Forest Products Laboratory on fire test methods, fire retarding chemicals and treatments, and fire behavior of treated and untreated wood, wood products, and wood structures.

Publications available for distribution at this Laboratory are marked with an asterisk (\*).

Single technical notes, reprints, and processed reports may be obtained free upon request from the Director, Forest Products Laboratory, Madison 5, Wis.

Trade journals containing articles herein listed may be purchased from the publishers or consulted in various libraries.
