

**OSU Student Affairs Assessment Council**  
**Agenda**  
**November 18, 2009**

Attendance: Melissa Yamamoto, Eric Hansen, Kent Sumner, Pat Ketcham, Linda Reid, Michele Ribeiro, Kerry Evans, Beth Dyer, Joshua Du Chene, Kami Hammerschmith, Ann Robinson, Kim Scatton, Rebecca Sanderson

1) Welcome and introductions

*Welcome to Joshua, a new member of the Student Affairs Assessment Council. Joshua is working in CAPS and is a CSSA student.*

2) Dr. Lani Roberts, Associate Professor of Philosophy

- a. What are the key elements that are included in diversity and multicultural education at OSU/Student Affairs?
- b. Are there methods for educating in those key areas and what are the key components of those methods?
- c. How does one know if someone has become multicultural literate or that your educational efforts moved someone along a continuum?
- d. What would a multiculturally effective or literate OSU graduate look like?
- e. What should we be reading? Or watching (e.g., videos)?

*Dr. Roberts addressed the key questions that we were asking as well as providing us with some resources to read and consider. Council members were asked to take notes and to retain these notes for further use and reflection as we continue in this project. The minutes of the meeting will not reflect this conversation content as each person present took notes.*

3) December Retreat? Dates? December 11, 14, or 15?

*Rebecca asked the council if they thought a brief retreat later in December would be good to help frame and reflect on our diversity education project. The group thought this would be a good idea and determined that a regular meeting time would likely be best. Rebecca will try to arrange something for Wednesday, December 16 from 9-10:30. She will also send out a doodle request to see if other dates work better for folks.*

4) Kim Scatton

- a. How to Assess CONNECT Week brainstorm/suggestions

*Kim asked the group to help her think about and offer suggestions on how to assess CONNECT week. The group offered ideas, suggestions, and possible methods to gather information about the week, what people attended, and the importance of those events.*

5) Next Meeting

**December 2, 2009**  
**9-10:30**  
**MU Council Room**
