

Local Climatological Data For Oregon State University

1972

With Normals, Means, and Extremes

SPECIAL REPORT 277

REVISED MAY 1973

United States Department of Commerce
National Oceanic and Atmospheric Administration
National Weather Service

in cooperation with the
Agricultural Experiment Station
Oregon State University
Corvallis

PREFACE

Miscellaneous Paper 105, Agricultural Experiment Station, Oregon State University, entitled "A Summary of Climate and Weather for Corvallis, Oregon, 1889 through 1960" by Wheeler Calhoun was published in March 1961. The United States Department of Commerce National Weather Service, working with the Crop Science Department at Oregon State University, has instrumented the Hyslop Farm Weather Station to measure additional elements important to agricultural scientists. There will be a continuing need for a publication to make these data readily available to researchers. It is planned that local climatological data from the Hyslop Farm Weather Station will be published annually.

Earl M. Bates
Advisory Agricultural Meteorologist
