FOREWORD

This little volume is published to serve a double purpose. It is offered to help those of you who are entering O. A. C. for the first time to become better acquainted with your new home and to inform you of the opportunities offered here that you may quickly take advantage of them.

For you who are not strangers on the campus, it will prove to be a compilation of essential information about your college. Included in its pages you will find the newly-revised constitution of the Associated Students, athletic schedules, as well as much information that will be of use during the coming school year.

Freshmen will carry this book with them at all time. Others should also get the habit. Fill out the identification blank, and keep this as a student encyclopedia.

WELCOME FROM PRESIDENT KERR

To My Young Friends, the Students of the College:

I give you a cordial welcome to the institution, and all that it offers you in the way of training for your life work and your character. Your parents and other citizens of the state have established here, through a

generation of thought and sacrifice, splendid educational facilities for mastering the principles of the leading industries and professions of life, with liberal opportunities for self-discipline, community leadership, and fine Christian service. I earnestly urge you to make the most of these opportunities. The members of the faculty will help you to do so. The leaders of the student assembly and other student organizations will give you aid and encouragement. The traditions, customs, and organization of the entire college community are designed to assist you to this end. You must do

Dr. W. J. Kerr

your part—earnestly and aggressively. During your four years in college you will be laying the foundations of your character and your vocational success. May these foundations be such that you will always be to the college that trains you a source of congratulation, and to the state that has provided you with these advantages, an unflinching source of efficiency, integrity, and truth.

WILLIAM JASPER KERR.

WELCOME, CLASS OF 1929

The Associated Students of O. A. C. extend to each and every one of you a most cordial welcome.

We are proud of our great institution, our traditions, and our democratic spirit. May you become a loyal "Beaver," ever cherishing and perpetuating those ideals we all hold dear. Cultivate the friendship of your classmates and develop those finer qualities which go to make up character, so that your schooling may have a firm foundation.

We are glad you are to join with us in taking advantage of the many opportunities which the College affords. Remember your high school days are over, a new life faces you, and you are the master of your ship.

You have an obligation to fulfill to the people of our great state and nation. Keep your purpose ever in mind and work devotedly toward the goal of success.

May your days at O. A. C. be blessed with pleasure and accomplishment and may the Class of 1929 be distinguished as the greatest in the history of our Alma Mater.

VERNON P. JENKINS,
President of Associated Students.

THE HONOR CODE

Burton S. Hutton, Chairman

The honor of O. A. C. rests squarely upon the honor code which has for its purpose the fostering and maintaining of a high standard of honor among all students throughout the College. It applies not only to class work but also to all of the activities of students in their relations with one another and with their Alma Mater. The spirit of honor requires that you do nothing at any time which you feel your fellow students would condemn as unfair or unjust. The honor code is your code and its success lies in your hands. If it succeeds, it dignifies your credits and your diploma. If it fails, it discounts your entire college career. It is your duty to uphold it.

In conformity with the above spirit, the HONOR SPIRIT, the following are illustrative examples of infractions:

1. Copying or using notes or notebook on which academic credit is awarded, without acknowledgment to the author.

2. The giving or receiving of any information during laboratory work, recitations, quizzes, or examinations whether written or oral.

3. The so-called "dry labbing" of required work is another infraction of the Honor Code.

A WORD FROM THE BEAVER KNIGHTS

R. Bert Fehren, Chairman

The Beaver Knights is a national underclassmen's honorary organization, which acts as a "pep and tradition" committee for the College. The order is authorized by the constitution of the Associated Students and sanctioned by the Administration, to whom it is responsible for its actions.

The object of the organization is to instruct the freshmen in the songs, yells, and traditions of the College; to instill in them the real "Beaver pep;" to receive and entertain visiting teams, and to function at any and all college activities, such as athletic contests, convocations, etc.

The method of instruction of traditions may at times seem harsh and unnecessary, but you will realize the value of it when in later years you look back upon your freshman days. Dean Dubach, the dean of men, is absolutely in favor of the work that the Knights are doing, and is backing their activities on the campus.

All freshmen must carry this Rook Bible at all times. Be sure that the schedule in the back is filled out completely, and that you receive credit for all work you put in, events you attend, and elections you vote in.

You are required to memorize the following information in this book and be ready to recite when called upon by any Beaver Knight.

Oregon Agricultural College is a college of ideals—ideals of character, honesty, courage, and fair play. Upon these principles are the traditions of this institution built. No college is stronger than its ideals; and all colleges are revered and loved because of traditions based upon high ideals.

Conduct Traditions

Pride in the campus has made it a tradition that there shall be no crossing of lawns nor smoking on the campus.

Every Beaver is expected to attend athletic events, but there shall be no "fussing"—that is, he shall not accompany a young lady to the games.

Rooks must wear their green hats at all times, and rookesses their green ribbons on the scheduled days.

After athletic games, freshmen always stay until the event is finished.

All men students remove their hats in buildings.

THE CITATION COMMITTEE

Citation Rules

1. All rookesses shall attend convocation, student body assembly, class meetings, women's league, and Y. W. C. A. meetings.

2. On Wednesday all rookesses shall wear green hair ribbons put on before breakfast and not taken off until bedtime. These ribbons must be at least 50 inches long, folded one inch wide, and the bow is to be tied at the back only. No hats are to be worn on Wednesdays without special permission from the committee.

3. Rookesses shall not walk on the campus grass.

4. Rookesses shall show respect and courtesy to upperclassmen and sophomores at all times, shall never sit when upperclassmen are standing, and must open doors for upperclassmen.

5. Rookesses shall speak to all college students and faculty members at all times.

6. There shall be no fussing at athletic events.

8. Rookesses shall not have library or mid-week dates.

9. Rookesses shall know and comply with all rules.

10. Violation of these rules will result in trial and punishment by citation.

TRADITIONAL COLLEGE EVENTS

The O. A. C. Educational Exposition, held for the first time the latter part of February, 1924, has been established as an annual event at the College. The agricultural fair, the engineering show, and many of the displays and exhibitions of the different schools of the campus have been all combined in the Educational Exposition. At this time, high school students, faculty members, and visitors are entertained by the College.

Homecoming Week-end occurs in the fall of each year at the time of one of the big conference football games. It is a time when alumni are especially urged to return for a visit to their Alma Mater.

The annual Inspection Day occurs on a regular military drill day, usually some time during the third term. At this time, the R. O. T. C. is reviewed by military and civil authorities.

The Annual Military Tournament and Sham Battle is an event held usually the latter part of May.

Campus Week-end, which replaces the Junior Week-end of former years, is a time when scholarship prizes and awards of honor are made before a convocation of the student body.

HINTS FOR FRESHMEN

You are an O. A. C. man now—always boost for your college and strive to be a credit to it.

Be a loyal freshman—play the game and do what is expected of you.

Always rise when the Alma Mater is sung.

Take your part in the student activities.

Attend all athletic contests.

Get posted on rules for "fussing."

Go to all your class meetings.

Don't begin cutting classes. It doesn't pay.

Make it a habit to attend convocation.

Learn the songs and yells in the Hand Book, and attend all rallies.

Make some activity your objective; stick to it.

Last, but not least, write home often. Do not forget the folks at home.

The best students plan their work—they go by schedule. Careful planning of your work at the first of the term will save you much sleep and worry at final examination time. In keeping a notebook have a special place for everything and keep the material in its proper place. Don't study all night and sleep all day—in classes.

THE CLASS GIFTS

The custom for each departing class to leave a gift that would enrich the campus started with the class of 1901.

The large silver maple tree between the Administration Building and Science Hall was used as a gathering place for students. The class of 1901 decided to place a large granite stone under the tree to hallow the surrounding ground so that only seniors could tread the grass under the old sentinel, now known as the Trysting tree.

The class of 1902 left the Lady of the Fountain at the front entrance to the campus. The Lady was taken by the students of another institution and it was found in Portland. It was returned to the College and securely placed in position and each year is carefully guarded during Homecoming week by the students.

THE JUNIOR CERTIFICATE

The junior certificate is required of all students before they are allowed to register as juniors. To obtain the certificate students registered in degree courses must complete by the end of their sophomore year, all courses required in the first two years. If you are registered in a degree course in agriculture, commerce or engineering, for example, enroll in the courses required in that curriculum and forget about your elective courses until you are a junior.

YOUNG MEN'S CHRISTIAN ASSOCIATION

The development of a well-rounded college life for every student is the purpose of the campus Y. M. C. A. Special emphasis is placed on real friendliness and the bringing of genuine Christian ideals to every part of the campus activity and life work.

Leaders in every business and profession are emphatic in the assertion that character is essential for success in any field of endeavor. Development of high moral character through a study and practice of the principles of practical Christianity is the work of the Y. M. C. A. on this campus.

To make this objective effective, organization is necessary. A cabinet composed of four officers elected by the men of the college and the heads of the several departments, appointed by the elected officers, determines the program of activities and directs the work. Two secretaries are employed by the association to advise the cabinet, to assist in working out the program, and to help all students in every way possible.

An advisory board made up of men from the faculty, the Corvallis churches, the alumni, and the student body, determines general policies relating to the welfare of the association, and gives permanency to the campus Christian work.

The cabinet for this year is composed of the following men:

William Kurtz	President
Preston Doughton	Vice-President
Alfred Carter	Secretary
Earl Helgesson	Treasurer
Read Greenwood	Religious Education
Rilford Tutt	Campus Service
Harry Hart	Community Service
Shigeichi Hasagawa	Friendly Relations
John Sutherland	Friendly Relations
Dwight Vimount	Life Work
Walter Kropp	Freshman Organizer
E. W. Warrington	General Secretary
Mrs. Lula Howard	Employment Secretary

Activities

Each year new students are met at the train by men familiar with the campus who direct them to the different parts of town or to the "Y" hut where rooming places are secured. Other committees help them in becoming familiar with the campus and getting settled. Arrangements are made for vocational conferences for students who have not definitely decided on the courses which they want to take.

An introduction banquet, stag parties, and a combined Y. W.-Y. M. mixer are promoted by the social committee at the first of the year.

Study of the principles of practical Christianity is carried on in Bible classes and discussion groups, both in the "Y" hut and in living organizations. After-dinner table talks led by members of the faculty, stimulate thinking on great world and national problems. The many popular forums on vital religious questions are led by prominent authorities.

Speakers of national and international reputation with positive spiritual messages are brought to the campus by the Y. M. C. A. each year. Dr. Bruce Curry of the New York Bible Seminary, and Dr. Sherwood Eddy, were here last year with messages that have not yet been forgotten.

Deputation teams to the country schoolhouses and churches give many students a chance to express their religious convictions. During the past year an average of two teams each Sunday were sent out. A Christian workers' meeting is held from 7:00 to 8:00 o'clock each Wednesday evening to train students for these teams.

More than 40 percent of the men in O. A. C. are helped through college by work secured through the free employment service of the "Y." Last year 625 men were listed for regular work. A conservative estimate of the value of the work secured is \$40,000. Steady summer work is secured for many students.

Other activities include:

- Personal interviews with students.
- Promotion of Seabeck student conference.
- Sick visitation.
- Special work with foreign students.
- Promotion of the student volunteer movement.
- Promotion of fellowship for life service.
- Cooperation with Corvallis churches.

Membership

Membership in the association is made up of those students who believe in its objectives and who are willing to work to help make them effective on the O. A. C. campus. Application for membership may be made by signing the application card. No membership charge is made.

All students are given an opportunity to help meet the \$6,000 budget required to carry on this work, through voluntary contributions during the financial campaign in October.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A. has as its purpose the furthering of the Christian life and work of the women students on the campus. Shephard hall is the "Y. W." building where students meet to discuss many vital problems. Much of the work of the association is done in cooperation with the Y. M. C. A. During the school year the program includes Bible discussion groups; after-dinner table discussions of national, international, and campus interest; teas for the purpose of broadening the contacts of students and faculty; a student community leadership conference; forums on comparative religions; bringing nationally known persons to the campus; and an annual conference at Seabeck in the spring for "Ys" from all institutions of the Northwest.

Those who have a part in making and working out this program with Miss Katherine Seay, student secretary, are:

Agnes Haroldson	President
Lois McCool	Vice-President
Lois Cheadle	Secretary
Lura Jarmon	Treasurer
Lois McCool	Community Service
Marion Needham	Conference
Etta McCreight	Discussion
Faye Crawford	Finance
Ina Jean Winagle	Freshman Adviser
Elva Slottee	Meetings
Ruth Gill	Membership
Margaret Watt	Publicity
Gertrude Harry	Student Volunteer
Gladys Buckman	Under-graduate Representative
Jewell Fields	World Fellowship

At the beginning of the fall term a freshman cabinet is organized which gives underclassmen opportunity for active participation.

Also an advisory board of faculty and down town women, including Miss Bernice Wait, Miss A. Grace Johnson, Miss Bertha Whillock, Miss Sybilla Hadwen, and Mrs. Ethel Pope Morgan, work with the student cabinet giving continuity and graduate point of view.

Class Meetings Important

Your class expects you to attend its meetings and to take an interest in its activities. Show your willingness to engage in class activities.

GO TO CHURCH

History records man as a being who worships. The desire to worship is universal. Among every people of whom we have record, signs of worship have been discovered.

Today, while attending college, we are thrust upon our own resources, away from our parents, yet the deep wish in the heart of every father and mother is that we remain true to the teachings of our youth. By home training and tradition we have some knowledge of the purposes and claims of religion.

In every man there is a conflict between the forces which pull him up or down and in the Bible man finds a standard whereby to guide his life. Religion in its broadest sense is life lived in all its relationships. Religion is the ballast which steadies man's life. Religion is friendship with God.

The Christian associations of the College wish to cooperate with the churches of Corvallis. We recommend to new students the following churches, with the special hope that the church-going habit learned at home may not be lost to O. A. C.

Corvallis Churches

Baptist—Ninth and Monroe; Daniel Bryant, pastor. Christian—Sixth and Madison; Clarence W. Reynolds, pastor.

Catholic—Fourth and Adams; Francis P. Leipzig, pastor.

Congregational—Eighth and Madison; Herbert Livingston, pastor.

Christian Science—323 South Fourteenth. Episcopal—Seventh and Jefferson; E. T. Simpson, rector.

Methodist—Eleventh and Monroe; William Hints, pastor; Miss Mildred Bartholomew, director of religious education.

Presbyterian—Eighth and Monroe; Monroe G. Everett, student pastor; Angus B. MacLeod, pastor.

Evangelical—1055 Monroe; L. R. Willard, pastor. Madison Street Methodist—Fifth and Madison; Edward J. Harper, pastor.

Lutheran—Sixteenth and Monroe; Ernest J. A. Probst, pastor.

Select an upperclassman for your personal counselor, and feel free to ask advice of him when you need it.

A letter to the folks at home at regular intervals should be made a habit in your routine of college work.

ATTEND YOUR GYM CLASSES

All freshmen are required to attend classes in physical education during their first two years. You may have a full schedule of hours in the lecture room and laboratory, and after a while the tendency may be to look around for some course where you will be able to skip classes. Unfortunately for the first year student, he will often select his classes in the gym for this purpose. One of the easiest things you can do in college, freshmen, is to get a "flunk" in gym. But when you reach your junior and senior years, that flunk may keep you out of the coveted honor society or otherwise prove a stumbling block. Now is the time to fortify yourself against this evil by making a perfect record in your gym work.

Locker Service for Men

For some years it has been the custom for men students to purchase their own lock for use on the locker assigned to them by the department of physical education for men. This caused considerable expense and brought about many difficulties such as lost towels, suits, etc., because of the use of inferior locks.

The new plan provides a good quality lock and locker basket compartment which are loaned to each student without cost or deposit. Lockers are used only during the exercise period; gymnasium clothing being locked in a supervised storage space. Used towels are replaced by an attendant instead of being exchanged by the student. The new system is practically a self-service plan and requires three-fifths less locker-room area and lockers. It makes possible regular cleaning and disinfecting of lockers, which are open when not in actual use. A nominal replacement charge is made for lost keys, etc. The change is in harmony with all large institutional locker installations and the athletic department feels fortunate in being able to provide it for O. A. C.

CONFIDENTIAL

The truly successful college course gives a man good health, one or two friends, intellectual and moral standards by which to discriminate between the worthy and the unworthy, and some practice in the exercise of his future profession.

FIVE IDEALS

Work—Begin your work promptly. More than half the freshmen who fail, fail because they waste the first six weeks. Watch them.

Ideals of Work—Aim to excel in at least one study; and do well in all. A lower ideal than this is unworthy of a college man.

Help and Advice—Get in touch with some adviser, your instructor, or some other responsible official to whom you may turn when in need of advice about your college work. Do not run the risk of failure through ignorance of the rules.

Friends—Make friends by being one yourself. It is a tragedy to live an isolated life. There are important sides of your nature that cannot be developed except by healthy contact with your fellow students.

Character—Do not sacrifice or compromise the essentials of character, whatever your changes of belief or opinion. Remember that you are here to make "Character more efficient through knowledge."—F. W. Roe.

FRATERNITIES

Don't be too hasty, friend rook, in accepting the pledge pin of a fraternity. Do you realize that this will be one of the most important acts of your college career? Have you considered that this house will be your home for four years of college life, and that after graduation you will be known by your fraternity affiliation at O. A. C.?

Take your time. Think the proposition over, and be cautious. Do not be drawn into a hasty decision, and if necessary, stall for time in which to investigate. Be free to consult your adviser about the financial and general standing of the organization. Certainly the matter of what it will cost you to live in a house is of importance and you have a right to know before you are pledged.

The best etiquette of Greek letter organizations is silence. The fraternity always seeks the man, not the man the fraternity.

This College is proud of its fraternity organizations. Because O. A. C. has good dormitories for both men and women, and because living accommodations are limited in fraternities, only a small portion of freshmen are invited to join. If you happen to be one of those not solicited, do not become offended. Many of the finest students that this College has produced have been from the ranks of the independent men. Not only this, but the independent men organize, stage their own social events and participate in athletics and other competitions.

But look wisely before you leap into a fraternity.

HONOR SOCIETIES

Various societies having as their chief purpose the promotion and recognition of scholarship, elect annually, from among the student body, limited numbers of those who have shown superior scholastic attainment, qualities of leadership, and personal character. The fact that most of these societies are national in scope, with chapters in the leading colleges and universities and with uniformly high standards for membership, makes election to one of the honor societies a distinction greatly prized. The following list includes the honor societies at present represented at O. A. C.:

SKETCH OF O. A. C.

In 1862 congress appropriated 90,000 acres of land to the state of Oregon, on condition that a state college should be in operation by 1867.

The destiny of O. A. C. might have been changed had it not been for the generosity of the South Methodists in donating their church building as the first "Temple of Learning."

This simple old structure served as the entire college for many years, but in 1867 there were but twenty students registered.

O. A. C. was founded as a national and state institution in 1885.

In 1887 Benton county gave thirty-five acres of land to secure a permanent college at Corvallis, and in this same year the citizens of Benton county laid the cornerstone for the present Administration Building.

At this time only four courses were taught, these being Agriculture, General Science, Mechanical Arts, and Household Science.

In 1899 only a limited number of students could take advantage of gratuitous education, only one being chosen from each senatorial and representative district.

By way of comparison, the college has grown from four main courses with five instructors and twenty students in 1867, to ten degree-granting schools including more than sixty departments, approximately three hundred instructors, and 4551 students in 1925. O. A. C. includes in its enrollment representatives from every county in Oregon, from twenty-one states, and from nine territories and foreign countries.

In accommodations, O. A. C. has developed from one building and thirty-five acres of land in 1885, to 40 substantial buildings and 499 acres of land in 1925.

Perhaps the most important factor in the wonderful development of "Our O. A. C." is the fact that there have been but very few changes in the presidential chair. President Kerr has been with us since 1907.

Make the "Y" Your Headquarters

If you can visit the "Y" every day, it will be worth your time. It is the rallying point for young people of the institution. The sooner you become active in the "Y" work the sooner do you increase your circle of friends and boosters.

Beaver rooters are sportsmen in the true sense of the word. Courtesy to their opponents is a practice of many years standing.

THE COLLEGE

The resident instruction is but a part of the College's work. The other two divisions include the experiment station and the extension service.

Board of Regents

The general government of the College is vested primarily in the board of regents, and, under their control, in four other administrative bodies: The administrative council, the college council, the faculty, and the staffs of the experiment station and extension service. The administrative council determines questions of policy and administration; the college council considers all matters pertaining to educational work, including courses, requirements for admission and graduation; the college faculty considers questions of methods and discipline.

Ex-Officio Members: Hon. W. M. Pierce, governor, Salem; Hon. Sam A. Kozer, secretary of state, Salem; Hon. J. A. Churchill, superintendent of public instruction, Salem; Hon. George A. Palmiter, master of state grange, Hood River.

Brown, Gervais; Hon. E. E. Wilson, Corvallis; Hon. Mrs. W. S. Kinney, Astoria; Hon. E. B. Aldrich, Pendleton.

Alumni Association

The necessity for a strong alumni association was evidenced in the spring of 1920 during the millage tax campaign. It was found that the existing organization

of graduates has not grown in proportion to the College, and steps were taken to perfect it. Plans were worked out whereby a permanent secretary might head the work, branch organizations were formed in all sections of the state, and the interest of the incoming graduates was enlisted. That efficient cooperation was secured is well proved by the effective way in which the alumni responded in the successful passage of the millage bill.

Success in any line cannot be gained without financial support. Every graduate is given the opportunity to become a part of the organization in one of three ways: By paid up life membership, life membership to be paid by installments, or by payment of yearly dues. In return he is given the right of active participation in the organization, a subscription to "The Alumnus," published monthly, and admission to the alumni luncheon and dance held each year during Commencement Week on the campus.

The alumni association is the medium by which O. A. C. men and women keep in touch with their Alma Mater.

THE MEMORIAL UNION

Robert Davis President

To be the great civic center of the College, to provide for democratic fellowship among all students, men and women, rich and poor, engineers and farmers, athletes and debaters, journalists and musicians, freshmen and seniors, to bring the student into congenial contact with members of the faculty and with visiting alumni, lecturers, musicians, and artists—this is the function of the Memorial Union.

To erect a magnificent building, costing \$500,000, with capacity for housing all student activities under one roof, and at the same time be constructed with such dignity and beauty that it will properly serve as a memorial to those O. A. C. men and women who gave their lives in the service of our country during the Spanish-American and World wars—this is the purpose of its builders. The Memorial Union, in short, will be the symbol of college tradition and inspiration.

Students, faculty, alumni, and friends have already pledged \$400,000 to the Union. With such support it will soon be a reality.

E. C. Allsworth, '16, is manager, with an office on the campus.

THE ASSOCIATED STUDENTS

This is an organization of the entire student body working under a constitution and by-laws approved by the faculty, and having general authority over all student body enterprises. Officers are elected annually, nominations and elections being conducted in a manner similar to that of the state electorate. The officers consist of a president and secretary chosen from the senior class, and three vice-presidents, chosen one each from senior, junior, and sophomore classes. These five officers, as a whole, constitute the executive committee of the student body and have general supervision of all affairs of interest to the student body.

Associated Student Officers

Student Assembly: Vernon Jenkins, president; Loris Baker, first vice-president; Margaret Watt, second vice-president; Richard Ford, third vice-president; Ruth Le Van, secretary; Lindley Bothwell, yell leader; Burton S. Hutton, chairman of honor committee; and Maurice J. Newland, editor of the Daily Barometer.

Greater O. A. C. Committee: Fred Bracher, chairman; William Bridges, Norma Helgesson.

The Board of Control

The board of control consists of three faculty members appointed by the president of the College, one alumnus chosen by the alumni association, and five students who are the executive committee of the student body. The student body constitution vests in this board of control authority to supervise all student body interests entailing the expenditure of student body funds. They exercise functions in the main by the approval of budgets and schedules. The immediate supervision is exercised through a general manager appointed by the board of control.

The Student Interests Committee

The student interests committee, composed of members of the faculty and students, appointed each year by the president, is designated to look after those interests of the students which are not strictly academic in character. It assists in working out student social problems. It helps to maintain a wholesome relationship between clubs and fraternities and the college. It is prepared to assist student organizations in all their financial dealings. In short, the committee strives to bring about those conditions which will make the student's college life of the greatest profit to him.

Know your Honor Code at all times.

ASSOCIATED WOMEN STUDENTS OF O. A. C.

This organization includes in its membership all women in the College. Organized in 1916, its purpose is to foster unity and cooperation among the women, and to promote a spirit of democracy.

All campus organizations of which women are members are a part of the association, and are represented on its governing body. The association aims to coordinate the work of these various organizations, giving each a definite duty to perform, thus preventing duplication of effort.

Officers for this year are: Claribel Lamont, president; Anne Murray, vice-president; Alberta Grilley, secretary; Livona Peterson, treasurer; Helen Moser, sergeant-at-arms.

STUDENT PUBLICATIONS

The O. A. C. Daily Barometer

Maurice J. Newland Editor
Paul Walker Manager

The O. A. C. Daily Barometer is the official organ of the student body. It is published daily, except Sunday and Monday, during the college year by the associated students of O. A. C. The yearly increase in the size of the student body finally necessitated the change from a semi-weekly paper to a daily, which was brought about in 1922.

By action of the board of regents, resulting from a unanimous recommendation of the student body, a portion of the regular term student fee is devoted to the Barometer, and every student regularly receives the paper.

A staff of 60 members is required to gather and get the news ready for the press. Any student having taken a course in journalism is eligible to try out for the staff.

CAMPUS ORGANIZATIONS

Phi Epsilon Delta (National Collegiate Players)

This club was organized for the purpose of offering special training in dramatic art. A tryout is held at the beginning of the college year in which all students except freshmen may participate. If elected by the club's judges they become eligible to tryout for college plays. Successful participation in a college production entitles them to active membership in the club. Platform exhibitions are given and standard plays are presented during the college year.

Shakopean Society

The society is organized to promote public speaking and debate. Oratorical contests and discussions on live current topics are the main features of the meetings. Members are chosen semi-annually by tryouts. The society is one of the oldest on the campus.

Forensic Association

This is a new organization with the purpose of bringing together for cooperative activity all campus organizations and individuals interested in any phase of forensics. The society, through its members, has charge of all business pertaining to competitive work in oratory and debate, and cooperates in the promotion of forensics and dramatics at the College.

Varsity "O" Association

The functions of the association are to promote the athletic ideals of the College and to serve in an advisory capacity to the athletic board of control. The membership includes all men of the College who have been officially awarded the orange "O" in recognition of service on intercollegiate athletic teams of the College.

Beaver Knights

The society is a self-perpetuating organization of the sophomore class. It is authorized by the constitution of the associated students of the Oregon Agricultural College and sanctioned by the Administration of the College and is responsible to them for its actions. The object of the committee is to instruct the freshmen in college traditions and history and to instill in them the true Beaver spirit.

Interfraternity Council

The purpose of the council is to foster harmony of action and closer cooperation to further the interests of fraternity men. Membership consists of one member from each fraternity on the campus.

The Independent Men's Association

Membership in this organization is open to all men not members or pledges of fraternities or house clubs, and not living in halls of residence (Poling hall). Its purpose is to give all men of the organization an opportunity to participate in athletics, social and student affairs, and to promote the interests of O. A. C. The association is subdivided into four clubs, as follows: Alpee, all men living north of Monroe and east of Twelfth street; Orion, all men living north of Monroe and Arnold Way and west of Twelfth street; Tri-V, all men living south of Monroe and east of Thirteenth street; Hesperion, all men living south of Monroe and Arnold Way and west of Thirteenth street.

Pan-Hellenic Council

The council is an intersorority organization, each sorority being represented by the president and one member. The purpose of the group is similar to that of the interfraternity council, that is to create a closer bond between the respective organizations.

Lyceum Club

The membership is composed of students trained in music, reading, and lecturing. Programs are given for town organizations and in outside communities. Regular lyceum programs are presented.

Lincolnian Society

The society has for its purpose improvement in elocution, debate, oratory, expression, and parliamentary usage. The membership is limited in order that each member may get as much as possible from the work.

Glee Club

Membership in the club is determined by the director after personal examination of the voices of candidates from all classes in the College. Regular rehearsals are required. The club participates in many public campus functions and annually tours the state. The programs presented are composed of the best classical and popular music for men's voices, the preparation of which is a valuable experience in voice culture and interpretation.

Madrigal Club

This is a singing organization for young women, open to talented singers of the student body. Concerts by the Madrigal club include the most beautiful arrangements for women's voices as well as the so-called popular music. Frequently the Glee club and the Madrigal club give joint concerts.

College Chorus

The chorus consists of about 250 mixed voices. The chorus serves as a source of material for both the Glee club and the Madrigal club. The group is under the leadership of Paul Petri, director of the Conservatory of Music.

College Band

To become a member of the band a student must satisfactorily pass an examination in the elements of music and the ability to perform on his instrument. Attendance at rehearsals and individual practice are required. Members furnish their own instruments except basses, baritones, altos, and drums, which are furnished by the College. Instruments must be in low pitch.

Orchestra

Membership in the college orchestra is on a basis of standards of musical attainment determined by the conductor of the orchestra. The training afforded by membership in the orchestra is of great educational and cultural value to the student.

Mandolin Club

This organization fills a place in student life for those enjoying playing stringed instruments in combinations. Membership is open to all qualified students and numbers some of the most gifted student musicians.

Women's Athletics

The Women's Athletic association was formed in the spring of 1916 and includes all women in College as members. It was established to cooperate with the department of physical education for women in creating interest in sports and athletics.

In the spring of 1922 the point system of winning sweaters was adopted. Varsity teams were done away with and interclass intercollegiate games were substituted. This was to enable more girls to compete in sports. Under the point system each girl is awarded a definite number of points according to national standards.

(For points given in the various sports towards winning a sweater, see women's athletic section of the constitution.)

Smoking in any of the College halls or on the campus is forbidden by custom and tradition at O. A. C.

Freshmen must year rooters' caps at all athletic events of the College.

The Farley Doty McLouth memorial. This prize of \$50 to be awarded annually was established last year by Mrs. F. D. McLouth in honor of her husband, Professor Farley Doty McLouth, head of the O. A. C. art department for more than 20 years. It is awarded to the student who has achieved by means of highest ideals the worthiest efforts, the keenest appreciation of the beautiful.

LOAN FUNDS

Student Loan Fund. Through the liberality of friends of the Oregon Agricultural College and through the accumulation of interest on loans, an irreducible student loan fund aggregating \$26,002.13 (November 1, 1923) has been established. The purpose, as expressed by one of the donors, is "not to induce students to attend school by providing money that can be easily obtained, but rather to aid those who have determined to secure an education and are paying the cost wholly or in part from their own earnings."

The J. T. Apperson Agricultural College Educational Fund. By the will of the late Hon. J. T. Apperson, regent of the College since its foundation, a fund amounting to between twenty-five and forty thousand dollars is to be a perpetual endowment, administered by the state land board of Oregon, for the assistance of worthy young men and women, "who are actual bona fide residents of the state of Oregon, and who would otherwise be unable to bear the expense of a college course at the Oregon Agricultural College." The income from this estate is to be loaned to students at a low rate of interest. Applicants for the loan must be recommended to the state land board by the president of the College and the state superintendent of public instruction.

The Masonic Educational Fund. The grand lodge of the state of Oregon has assigned two thousand dollars (\$2,000) to a fund which may be used by needy sons and daughters of Master Masons. Loans from this fund are made at the discretion of the president of the College and the approval of the master and wardens of the lodge at Corvallis. Loans to any one student may not exceed three hundred dollars (\$300) in a school year, subject to repayment in full or installments at the borrowing student's earliest convenience.

The Eastern Star Educational Fund. Loans are now available to students who are members or daughters of the order of Eastern Star. Loans are made in amounts of not over three hundred dollars (\$300) in a school year. Notes are for one year and renewable at the pleasure of the worthy matron, and shall draw four percent interest. Loans are made upon honor, no security being asked, and will be made by the trustees of the grand lodge on the recommendation of the president of the institution where the student is attending and the approval of the worthy matron and worthy patron of the chapter of the Order of Eastern Star located in the same place as the institution of learning.

The Harmon Foundation. This corporation of New York City, founded for the sake of assisting worthy self-supporting students in the last two years of their collegiate courses, assigned two thousand dollars (\$2000) per annum to the Oregon Agricultural College. This money is loaned under conditions novel to this foundation, perfectly protecting the principal yet requiring no security from the student. Loans made under this fund must be repaid by regular payments begun not later than twelve months after graduation or the leaving of school. A five-year affiliation with the college by this foundation is contemplated.

The Simon Benson Fund. Mr. Simon Benson of Portland has placed the sum of two thousand dollars (\$2,000) on deposit with the loan committee for the assistance of needy and worthy students. These funds are administered in the same manner employed with the other moneys of the regular student loan fund.

Bernard Daly Educational Fund. Under terms of the will of the late Dr. Bernard Daly of Lakeview, Oregon, worthy self-supporting young men and women of Lake county, Oregon, may receive a part or all of their necessary college expenses. The terms of the will provide that the income from this fund be used to pay the college expenses of at least fifteen students each year. The fund is administered by a board of trustees who select candidates annually from a list of applicants recommended by the county judge and the county school superintendent.

The Library As a Study Hall

The library is used to study and to borrow books from. In the past, misguided ones have used it as a meeting place—a habit which is frowned upon by not only good custom but by the authorities.

Freshmen will consult with their major professor concerning matters pertaining to class schedules. Many unfortunate mistakes will be avoided by following this practice.

To say hello to your fellow students and classmates on the campus is at all times expected of you. You cannot say hello too often.

O. A. C. gives you her name, and by your deeds and conduct will she be known and judged.

Sec. 6. The point system chairman may appoint assistants. He shall be provided with a desk in the student assembly office. Appeals may be taken from his decisions to the executive committee but must re-

ceive four-fifths vote to be reversed or modified. Further appeals may be taken from the decision of the executive committee to the student affairs committee, whose decision will be final.

Sec. 8. The secretaries of all organizations shall submit to the point system committee a complete list of all offices and officers of their respective organizations, or any change in officers or offices within 10 days after installation of said officers or change in officers.

(a) Students observing or having knowledge of any violation of the honor system are in honor bound to report such violation to the chairman of the honor committee, such reports to be made on printed forms provided. Accusations shall preferably be brought by at least two students.

(b) The provisions of this constitution shall not be construed as in any way relieving faculty members from the duty of reporting any apparent violations of the honor system found in written work, to the chairman of the honor committee.

(c) Students observing practices in the course of an examination that appear to be a violation of the honor system, but who are not certain of such viola-

tion, may tap audibly on the desk as a warning, but such warning shall not be deemed necessary before reporting obvious violations.

Sec. 8. Conduct of Examination: In no case shall the instructor act as a proctor. When conducting an examination or a quiz he should make it manifest that he fully believes in the honor of his section individually and collectively, preferably by withdrawing from the room.

(a) To protect the individual and thus promote the honor system alternate or spaced seating or alternate sets of questions are recognized as desirable.

(b) The honor committee shall issue at the beginning of each college year a detailed statement setting forth specifically what is considered an infraction of the honor system.

Sec. 9. Students individually shall at all times promote the honor spirit in every way possible.

This man is selected on the basis of elimination after service of two years in the capacity of assistant during his sophomore and junior years. The number of sophomore and junior assistants will be determined by the graduate manager in accordance with the needs of the sport. From the juniors there is one senior elected to manage that particular sport. His duties vary accord-

ing to the requirements of his activity, but in general, he is responsible for the general progress of the sport. He is to assign duties to the assistant managers, whom he is to supervise at all times.

The junior assistant managers and the senior manager are selected by a committee consisting of the coach, graduate manager, director of physical education, and incoming and outgoing captains. Appointments are subject to approval by the board of control.

Any sophomore is eligible for the position of managerial candidate. The method of applying is merely by filing application with the senior manager of the respective sport.

An appropriately designed insignia is granted the senior manager at the close of his term of office upon the recommendation of the appointing committee and the acceptance of the recommendation by the board of control.

Method of the Board of Control in Supervising Student Activities

All funds belonging to the Associated Students are kept in the business office of the College. They can be drawn from the business office by the business manager only on requisition approved by the president of the board of control.

Any deviation from these budgets in purchases must be approved by the board of control. The general manager, only, or his approved agent, may make purchases to be charged to the student body.

All equipment and supplies belonging to the student body are under the direct care of the departments concerned. The general manager keeps a yearly inventory of these goods and the departments are held responsible for them.

All schedules and trips of all student activities chargeable to the student body must be approved by the board of control prior to the trip. All employees of the student body are employed by the president and board of regents on recommendation of the board of control.

AGGIE SONGS

"Carry Me Back to O. A. C." is the song which we always rise to sing. To the old grad it brings back happy memories of his pleasant years at the "college on the hill." And to the undergraduate, it brings pride in his college, love of its traditions and its ideals.

Alma Mater

Within a vale of western mountains,
There's a college we hold dear,
Her shady slopes and fountains
Oft to me appear.
I love to wander on the pathway
Down to the Trysting tree,
For there again I see in fancy,
Old friends dear to me.

(Chorus)

Carry me back to O. A. C.
Back to her vine-clad halls;
Thus fondly ever in my mem'ry
Alma Mater calls.

It is a worthy land grant college
By the noble Lincoln planned,
Her son's and daughter's knowledge
Tills and guards the land.
So honored be her name forever;
Sing the praise of O. A. C.
Ah, naught in all the world can sever
Friends once true to thee.

Fight On, Old O. A. C.

Fight on, Old O. A. C.,
Our hearts are all with thee,
You'll bring us victory.
Let our watchword always be,
"The pep that others lack
Is found in the Orange and Black,"
So sing out your songs of joy;
Fight on, boys; fight on, boys;
For Old O. A. C.

Smear Oregon

O stands for Oregon
S stands for State
A stands for Aggie men, who never hesitate
C stands for College, the college on the hill
And we stand for O. A. C.

SMEAR OREGON — WE WILL!

O. A. C. Medley

Who am I, sir? An O. A. C. man am I;
An O. A. C. man, sir, and will be till I die, ki yi;
We're up to snuff, we never bluff, we're in for any
fuss—

There isn't a bunch of college men can beat us in a
muss,
So we'll fill our lungs with lusty air and shout into the
sky,

We'll fight for dear old O. A. C.
For an O. A. C. man am I.
O. A. C., O. A. C., zip-boom, zip-boom, zip-boom-bee,
O. A., O. A., O. A. C.,
O. A. C., O. A. C.,
Smash 'em, bust 'em—That's our custom;
O. A. C.

For I'm a Beaver born and a Beaver bred,
And when I die, I'll be a Beaver dead.
For it's Rah, Rah, for O. A. C.!
Rah, Rah, for O. A. C.!
Rah, Rah, for O. A. C.!

Hail to Old O. A. C.

Here we come with a toast and a song
To the College upon the hill.
We love its shady slopes and trees,
Each memory cheers and thrills.
But the fondest thoughts when the years have run
Will be of teams and victories won;
Each man a loyal son,
Hail to old O. A. C.

(Chorus)

O. A. C., our hats are off to you.
Beavers, Beavers, fighters through and through.
We'll cheer for every man,
We'll root for every stand
That's made for old O. A. C.
Rah, Rah, Rah,
Watch our team go tearing down the field
Men of iron, their strength will never yield;
Hail, hail, hail, hail,
Hail to old O. A. C.

We'll root hard for the baseball fan
Who can knock out a long home run,
Or cheer the man who kicks the goal
That means the game is won.
But memories best in the hall of fame
Will be for those who are always game.
Win, lose—fights just the same,
All for old O. A. C.

What Do You Think of Our Team?

O. A. C., O. A. C., fighting all the while,
Beaver born and Beaver bred;
And see the Beaver smile!
Beaver hopes are beating high,
And hearts are filled with glee.
Beaver warriors fighting mad
And a Beaver victory. So—

(Chorus)

What do you think of our team, boys?
What do you think of our team?
Eleven husky, fighting men,
Chuck full of pep and steam;
We're right behind them all the time
To smash the Lemon and Green.
So, Oh boy! Oh joy!
What do you think of our team?

Beaver Pep

Fellows, come with a shout,
Give them all that you've got;
Put away ev'ry doubt,
And get off like a shot,
U. of O. is the foe.
And the fight will be hot!
Lift up the Orange O on high!
Sixty minutes of fight,
And the thing will be done.
For by right of our might,
They'll make us victorious,
Until the zooming, booming victory gun,
Echoes its thunder to the skies!

(Chorus)

Cheer for the Beavers ever,
The heroes of my song,
We will desert them never!
We're ready to back Orange and Black,
All day long—Rah!
Mighty in bold endeavor,
They fight for you and me,
They are the lunging, plunging, wonderful team,
They are the men of O. A. C.
Here's to the men we know and love,
Beavers tried and true;
Here's to the men of the Orange line
Wiping the ground with you.
Up with the glass and pledge them, lads,
Flashing its amber gleam,
While deep in our hearts the toast shall be:
Here's to old O. A. C.!

When your team is in a hot contest and excitement fills the air, show the true Beaver spirit and follow the instructions of your yell leader. He will lead you in the fight for honors. Often he has knowledge of matters not known to the general gathering of rooters. The action of standard bearers of a team in athletic contests reflects in a favorable or unfavorable manner upon your college. Help your yell king to lead the fight and do your best to leave a good impression upon the visiting team and rooters. Boost and root for a bigger and better O. A. C.

Students will show their true Beaver sportsmanship at athletic events by not razzing the officials or rival players. This is not indicative of good sportsmanship.

BASEBALL

R. O. Coleman, coach

The schedule for the Beaver baseball team for next spring has not been arranged. Last year the fighting Beavers batted their way to the Northwest championship, winning over the University of Washington by one game. With some of the regulars gone by graduation, Coach Coleman feels their places will be hard to fill.

Those lost by graduation were Fred Tebbs, Dick Young, pitchers; Harold Ridings, shortstop; Pete Faurie, catcher.

MINOR SPORTS

Cross Country

The Aggie cross country team has beaten Oregon in the annual meet for the last five years and last year placed second in the conference meet held at Eugene. Three veterans will be back next year.

Tennis

Tennis has come to be one of the most popular minor sports at O. A. C. The four new cement courts constructed last year in addition to the old dirt courts, are largely responsible for the increased interest in this sport. Teams are entered each year in the Pacific coast and in the northwest meets.

Eligibility Rules

The conference eligibility rules are as follows: To be eligible to play on any varsity team, a man must have resided a year in the institution in which he participates in sports, and must have made 36 term hours. He must have made two-thirds of hours carried the term preceding his participation.

His standing must be strictly amateur.

Only three year's participation in major sports is permitted.

A man must be in good standing at all times in the institution which he is attending.

Men are eligible to freshman teams when they are entering an educational institution for the first time, and are only eligible for such sports as they have had opportunity to participate in at any other institution of like rating.

INTRAMURAL ATHLETICS

"Every man at O. A. C. in athletics," is a slogan that is actually being fulfilled each year. Ninety-five percent of all the men of the institution physically fit are engaged in some form of intercollegiate or intramural athletic work. A year-round program in intramural athletics is carried out each year with work starting in the fall term and continuing in various branches until the close of the spring term.

In intramural basket-ball forty-five teams competed for the intramural championships. Over five hundred men took part in these contests each week. Three hundred men took part each week in the interclass championship contests.

Seven hundred men competed in the preliminaries for the intramural cross country last fall.

The new compulsory swimming rule insures that every man who graduates from O. A. C. hereafter will be able to swim and will be able to save others from drowning.

The intramural relays starting next spring will enlist six or seven hundred men. Classes in intramural handball, wrestling, and boxing are conducted during the winter and spring terms.

The one-hundred-foot tank is alive with swimmers any afternoon, keeping busy until the coach's whistle clears the pool for the special candidates for the intercollegiate swimming team.

Many men of varsity caliber have been found in the ranks of intramural athletes. Training received here is of great benefit to men participating and may develop them for any of the major sports in the College.
