

Beth E. Ross, David Haukos, Christian Hagen, and James Pitman. 2016. The relative contribution of climate to changes in lesser prairie-chicken abundance. *Ecosphere*.

Appendix S1: JAGS code with SSVS and parameter estimation for abundance of lesser prairie-chickens in response to climatic variables.

AppendixS1.R

Description

The code in Appendix S1.R provides details on the SSVS procedure as well as the form of the models used for detection probability and population abundance.
