Oregon County Extension Offices	23

This list includes publications of the Oregon State University Extension Service and the Agricultural Experiment Station. You can request a separate list of the Station's Technical Bulletins.

- Our publications revision program is constant. Reference collections become obsolete almost at once and are discouraged. *Please limit your request to five or six titles of present interest*, and reorder as new information needs arise. Within this limit, single copies of most publications are free to Oregon residents on individual request.

- When supplies permit we sell quantities to schools, other agencies, or individuals. Handling and replacement costs change, so there is no standing price list. Write to the Extension or Experiment Station editor, Administrative Services Building, OSU, Corvallis, OR 97331, for a quotation.

- Library exchanges are negotiated through the OSU Library Serials Department. We do not maintain publications mailing lists by subject-matter interest, but your Extension agent may have a mailing list for your commodity or special interest. A list of Oregon Extension offices is on page 23.

- You can use the order form provided, or order by letter. Please specify the series letters, number, and full title.

Community and Country

Planning

- EC 719 Rural Areas Development in Oregon
- EC 782 Organizing a Council on Aging
- EC 783 Organizing a Survey of Senior Adults
- EC 784 Establishing a Senior Center
- EC 785 Organizing a Transportation System for Senior Adults
- EC 786 Attaining Community Involvement in Programs for Senior Adults
- EC 808 The Social Action Process: How Change Takes Place
- EC 868 Comprehensive Planning for Your Community
- EC 869 County Home Rule . . . An Option for Oregon Counties
- EC 908 Why Planning?
- EC 955 The Organization of Planning Programs in Oregon
- EC 958 Planning, Zoning and Property Tax Assessment: How Are They Related?
- EC 963 Community Growth Management—Performance Zoning
- EC 973 Community Growth Management—Introduction to Growth Management
- EC 975 Reducing Public Costs of Residential Developments
- EC 978 Community Growth Management—Six Case Examples
- EC 988 Fire Protection Choices for Rural Oregon Communities
- WREP 7 Health Care for Western Rural Communities—A Workbook for Considering Alternatives
- WREP 16 Coping With Growth—Evaluating Fiscal Impact Studies: Community Guidelines
- WREP 17 Coping With Growth—Minimizing Public Costs of Residential Growth
- WREP 20 Coping With Growth—Coping with Rapid Growth: A Community Perspective
- WREP 23 Coping With Growth—The Public Policy Process: Its Role in Community Growth
- WREP 24 Coping With Growth—Economic Multipliers: Can a Rural Community Use Them?
- WREP 25 Coping With Growth—Incoming Population: Where Will The People Live?
- WREP 26 Coping With Growth—Growth Impacts on Public Service Expenditures: Some Questions For the Community
- WREP 29 Coping With Growth—Assessing Fiscal Impact of Rural Growth
- CI 672 Business Interrelationships of the Tillamook County Economy: A Study for Analysis of Economic Change
- CI 675 An Evaluation of Expected Private Losses from Selected Public Policies for Reducing Open Field Burning, Willamette Valley, Oregon
- CI 676 Who Owns the Rural Land in Oregon?

Public office

- EC 947 Parliamentary Procedure Made Easier
- EC 971 Oregon Port Commissioners—The Job and How to Seek It
- EC 976 Oregon Port Commissioners—Suggestions for Effective Port Management
- EC 979 Oregon's Smaller Ports—What They Do and How They Are Financed

Taxation

- EC 906 Oregon's 6 Percent Limitation
- EC 907 How Your Property Tax Bill is Computed
- EC 957 Estate and Gift Tax Changes in the Federal Tax Reform Act of 1976
- EC 1008 Oregon Local Public Issues—Ballot Measure 5 and Oregon's Tax System
- EC 1010 Oregon Local Public Issues—Evaluating Changes in Oregon's Tax System
- FS 113 Let's Think About Taxes and Public Services

Energy

- EC 847 Gathering Fuelwood for Home Heating
- EC 865 Energy Saving Homes—A Checklist
- EC 870 Solar Energy Facts for the Pacific Northwest
- EC 931 Home Insulation
- EC 949 Laundry Techniques to Save Energy
- EC 977 Heat Pumps for Homes
- WRAES 60 Residential Energy Usage Curtailment
- WRAES 70 Fuelwood Facts
- WRAES 72 Standby Equipment for Electric Power Interruptions
- WRAES 75 Energy: The Fossil Fuel Era
- WRAES 84 Weather Stripping & Caulking Doors & Windows—Money-Saving Do-It-Yourself Projects
- WRAES 86 Estimating Farming Fuel Requirements
- WRAES 87 ENERGY Selecting Power Equipment to Save Energy
- WRAES 90 Energy-Conserving Window Treatments
- WRAES 94 ENERGY More Light for Your Money
- WRAES 95 Heating with Wood—A Cost Comparison
- WRAES 97 Burning Wood
- WRAES 99 Window Condensation Control
- WRAES 103 Wood Stove Selection
- WRAES 104 Improving Fireplace Efficiency

Farm

The OSU Extension Service compiles comprehensive control handbooks, revising them annually. These are completed by mid-April and usually are out of print by mid-summer. Send orders and payment to OSU Book Stores, Inc., Box 489, Corvallis, Oregon 97330. Price is \$10 per book, plus mailing cost. At present this is about \$1.20 for one book.

- *Oregon Weed Control Handbook*
- *Oregon Plant Disease Control Handbook*
- *Oregon Insect Control Handbook*

Animal health and nutrition

- EB 829 Understanding Calf Scours
- EB 830 Promoting Swine Health
- EC 720 Mastitis Prevention Means Cash For You
- EC 800 Internal and External Parasites of Sheep
- EC 950 Preventing Prussic Acid Poisoning of Livestock
- FS 107 Vibriosis in Range Cattle
- FS 108 Nitrates in Cattle Feeding
- FS 169 Pinkeye in Cattle
- FS 173 Ketosis in Dairy Cows
- FS 221 Infectious Abortions in Cattle

- FS 234 Feeding Grass Straw to Cattle and Horses
PNW 157 White Muscle and other Selenium-Responsive
Diseases of Livestock
WREP 33 Diseases of Dairy Goats
SB 641 Chronic Oxide in Range Nutrition Studies

Animal pests

- EC 909 Predation by Coyotes and Other Animals
EC 910 Predator Control: History and Policies
EC 913 Deterrents to Predators of Livestock
EC 914 The Impact of Coyotes on Wildlife
EC 916 Fencing Against Coyotes
EC 987 Mole Control
FS 182 Poisoning Meadow Mice
WRP-11 Control of Damage by Coyotes and Some Other Carnivores

For sale only: Send orders and payment to the Extension Business Office, Extension Hall 118, Oregon State University, Corvallis 97331.

- Manual 1 *Livestock Poisoning Plants of Oregon*. 126 pages, illustrated, \$1.50 per copy, plus 50¢ mailing charge per single copy.

Beef

- EB 802 Improving Beef Cattle Through Breeding
EB 831 Oregon Carcass of Merit
EC 752 Evaluation and Judging of Beef Cattle
EC 934 Feeding Beef Cattle During Periods of Feed Shortages
EC 935 Creep Feeding and Early Weaning of Beef Calves
FS 70 Beef Herd Production Testing
PNW 173 Freeze Marking Farm Animals
SB 616 Some Effects of Diethylstilbestrol on Sexual Maturation and Growth of Male Calves
SB 625 Stockwater's Effect on Cattle Performance on the High Desert
SB 635 Irrigated Pastures for Range Livestock
CI 641 Grass Straw as a Beef Feed: A Research Review

Bees

- EC 629 Diseases of Honey Bees . . . How to recognize and control
EC 857 Removal of Bees from Buildings
PNW 79 Beekeeping
PNW 155 Alkali Bees: Their Biology and Management for Alfalfa Seed Production in the Pacific Northwest
FS 240 Controlling Wax Moths in Honeycombs
SB 598 Artificial Beds for Alkali Bee Propagation
SB 630 Chalk Brood Disease in the Leafcutting Bee
SB 636 A Natural Light Sapyga and Parasite Emergence Trap in Leafcutting Bee Management (*Megachile rotundata*)
SB 637 Field Domiciles and Incubators for the Leafcutting Bee —Their Form and Function in Management
WREP 15 How to Reduce Bee Poisoning from Pesticides

Buildings and equipment

- For Building Plans write to: Extension Agricultural Engineering, 228 Gilmore Hall, Corvallis, OR 97331
EB 813 Soil Fumigation Equipment
EC 887 Selecting and Preserving Fenceposts

- EC 962 Calibrating a Knapsack Sprayer for Reforestation and Christmas Tree Weed Control
- EC 1007 Planning a Dairy Waste Handling System
- FS 75 Equipment Recommendations for Spraying Wettable Powders
- FS 109 Selection and Use of Orchard Man-Positioning Machines
- FS 132 Mechanical Harvesting of Prunes in Oregon
- FS 166 Sweet Cherry Mechanical Harvesters in Oregon
- SB 609 Limitations of Single- and Multi-man Platform Harvesting Aids
- WRAES 15 Managing Dairy Waste Holding Ponds
- WRAES 73 Livestock Manure Lagoons
- WRAES 88 Round Balers
- WRAES 89 Herringbone A. I. Breeding Chute
- WRAES 92 Detecting Stray Currents in Milking Parlors
- WRAES 93 Coyote Control Electric Fence
- WRAES 98 Cattle Trap
- WRAES 100 Hydraulic Ram
- WRAES 105 Small Tractor Comparisons
- WRAES 106 Ewe and Lamb Trailer

Crops

- EB 811 Orchardgrass Seed Production in Oregon
- EC 748 Background on Oregon's Grass and Legume Seed Industry
- EC 753 Lane Oats for Western Oregon
- EC 754 Casbon Barley for Oregon's Willamette Valley
- EC 806 Growing Alfalfa in Western Oregon
- EC 856 Hay Testing
- EC 942 Forage Quality: What to Look for in Evaluating Hay
- EC 943 Forage Quality: What It Is and Why It Is Important
- FS 65 High Quality Seeds Cost You Less
- PNW 129 Alfalfa Analyst
- SB 600 Forty Years of Testing . . . Grass and Legume Varieties for Seed Yields in Oregon
- SB 601 Fertilizing Kentucky Bluegrass and Fine Fescue for Seed Production in Northeastern Oregon
- SB 619 Flower Seed Production Trials in Southern Oregon
- SB 626 Seasonal Responses of Perennial Forage Grasses to Nitrogen Applications
- SB 631 Alfalfa Management in the Willamette Valley of Oregon
- SB 633 Effective Nodulation and Production of Subterranean Clover with Pelleted and Small Amounts of Lime
- CI 617 Forage Varieties for Oregon
- CI 623 Time Isolation as a Safeguard to Varietal Purity in Perennial Ryegrass, Annual Ryegrass and Orchardgrass
- CI 625 Alfalfa Variety Tests in the Columbia Basin, Blue Mountains and Snake River Valley
- CI 626 Cougar Kentucky Bluegrass
- CI 635 Seed Production of Arrowleaf Clover in Western Oregon
- CI 644 "Sick" Alfalfa
- CI 661 Alfalfa Trials in Southern Oregon—Production Practices and Varieties
- CI 685 Irrigated Spring Wheat: A Production Guide for Central Oregon

Dairy

- EC 866 Dairy Goats for Family Milk Supply
- EC 867 Dairy Goat Housing and Care
- EC 951 How to Select, Grow, and Manage Replacement Heifers
- FS 156 Selecting and Proving Dairy Sires
- FS 159 Urea For Dairy Cows
- FS 187 Dairy Cow Nutrition
- FS 189 Increasing Dairy Efficiency
- FS 191 Protein in Dairy Nutrition
- FS 194 Energy for Dairy Cows
- FS 195 Minerals for Dairy Cows
- FS 201 So You Own a Cow . . . Now What?
- FS 247 Energy Savings Through Higher Producing Cows
- PNW 66 Rural Preparedness for Dairymen
- PNW 71 Housing for Dairy Calves
- WREP 13 Dry Cow Feeding Management

Fertilizer guides

The FG series consists of single sheets intended as a guide for fertilizing specific crops. They are revised periodically so we suggest you order only those of immediate interest. A reference file would soon be obsolete. If you have need of the entire set of currently available guides, please send \$2.50. Make checks payable to the Oregon State University Extension Service. You may use the order blank at the end of this list.

- EB 774 Analyzing Fertilizer Through Sprinkler Systems
- EB 806 Fertilizer Recommendations for Wheat in the Columbia Basin of Oregon
- EC 712 Fertilize in the Fall
- FG 1 Irrigated Clover Grass Pastures (Western Oregon—West of Cascades)
- FG 3 Liming Materials for Oregon
- FG 4 Subclover-Grass Pastures, Western Oregon (Excepting Coos, Curry, Jackson, Josephine Counties)
- FG 5 Annual Ryegrass Seed (Western Oregon—West of Cascades)
- FG 6 Fine Fescue Seed (Western Oregon—West of Cascades)
- FG 7 Highland Bent Grass Seed (Also Astoria and Exeter) (Western Oregon—West of Cascades)
- FG 8 Spring Grains (Western Oregon—West of Cascades)
- FG 9 Winter Wheat (Western Oregon—West of Cascades)
- FG 10 Field Corn (Western Oregon—West of Cascades)
- FG 11 Sweet Corn (Western Oregon—West of Cascades)
- FG 12 Pole Beans (Western Oregon—West of Cascades)
- FG 13 Table Beets (Western Oregon—West of Cascades)
- FG 14 Strawberries (Western Oregon—West of Cascades)
- FG 15 Peppermint (Western Oregon—West of Cascades)
- FG 16 Perennial Grass Pastures, Non-Irrigated (Western Oregon—West of Cascades)
- FG 17 Red Clover (Western Oregon—West of Cascades)
- FG 18 Alfalfa (Willamette Valley and Northwest Oregon)
- FG 19 Potatoes (Western Oregon—West of Cascades)
- FG 20 Alfalfa (Eastern Oregon—East of Cascades)
- FG 21 Irrigated Clover-Grass Pastures (Eastern Oregon—East of Cascades)
- FG 23 Apples (Oregon)
- FG 24 Prunes (Oregon)
- FG 25 Sweet Cherries (Oregon)
- FG 26 Pears (Oregon)

- FG 27 Broccoli (Western Oregon—West of Cascades) (Also applicable to Brussels Sprouts, Cabbage and Cauliflower)
- FG 28 Bush Beans (Western Oregon—West of Cascades)
- FG 29 Carrots (Western Oregon—West of Cascades)
- FG 30 Crimson Clover-Vetch-Austrian Peas (Western Oregon—West of Cascades)
- FG 34 Filberts (Oregon)
- FG 35 Walnuts (Oregon)
- FG 36 Tall Fescue (Western Oregon—West of Cascades)
- FG 37 Irrigated Spring-Planted Small Grains (Eastern Oregon—East of Cascades)
- FR 38 Irrigated Pastures (Central Oregon)
- FG 40 Irrigated Semi-Dwarf Wheat (Eastern Oregon—East of Cascades)
- FG 44 Blue Grass Seed (Western Oregon—West of Cascades)
- FG 45 Orchard Grass Seed (Western Oregon—West of Cascades)
- FG 46 Perennial Ryegrass Seed (Western Oregon—West of Cascades)
- FG 47 Turf Grass (Oregon)
- FG 48 Loganberries, Boysenberries and Marion Blackberries
- FG 49 Red Raspberries (Western Oregon—West of Cascades)
- FG 50 Black Raspberries (Blackcaps) (Western Oregon—West of Cascades)
- FG 51 Thornless Evergreen Blackberries (Western Oregon—West of Cascades)
- FG 52 Fertilizer Materials (Introduction)
- FG 53 Peaches (Oregon)
- FG 55 Peas (Western Oregon)
- FG 56 Irrigated Potatoes—(Central Oregon and Klamath Areas)
- FG 57 Irrigated Potatoes (Columbia Basin-Malheur County)
- FG 58 Irrigated Clover-Grass Pastures (Southwest Oregon)
- FG 59 Pears (Hood River-White Salmon)
- FG 60 Alfalfa (Southwest Oregon)
- FG 61 Using Wood Ashes in the Home Garden
- FG 62 Sweet Corn (Eastern Oregon—East of Cascades)

Fish and wildlife

- EB 790 Game Foods
- EB 800 Treats with Venison
- EB 819 Boning Out Your Deer
- EC 912 Growing Earthworms
- EC 939 Catching Crayfish for Fun and Profit
- FS 152 Preparing Cluster Egg Baits From Salmon and Steelhead Roe

Food processing

- FS 176 Procedures for Sanitation in Retail Frozen Desserts
- CI 624 Cherry Brining and Finishing
- CI 629 The Chemical and Preservative Properties of Sulfur Dioxide Solution for Brining Fruit
- CI 632 Procedure for Secondary Bleaching Brined Cherries with Sodium Chlorite

Health and safety

- EC 727 Pesticides Kill People Too!
- EC 732 Protecting Family and Livestock from Nuclear Fallout
- EC 762 Don't be a Loser with Agricultural Chemicals
- EC 807 Noise Pollution
- FS 81 Safety Procedures for Chemical Applicators

- WRAES 12 Roll-Over Protective Structures for Agricultural Tractors
- WRAES 16 Preventing Inner Ear Damage from Agricultural Noise
- WRAES 23 Control of Chemical Drift
- WRAES 33 Work-Related Skin Problems
- WRAES 42 Safe Handling of Pesticides
- WRAES 45 Safe Handling and Use of Aqua Ammonia
- WRAES 46/58 Step Ladder Safety/Straight Ladder Safety
- WRAES 63 Hand Lifting
- WRAES 64 Hand Signals for Agriculture
- WRAES 66 Chain Saw Safety
- WRAES 67 Safe Installation of CB Base Station Antennas
- WRAES 69 Extension Ladder Safety
- WRAES 91 Electrical Wiring Safety for Irrigation Systems

Horticulture

- EB 628 Growing Filberts in Oregon
- EC 650 Apple Bud Development
- EC 653 How to Select and Prepare Vegetables for Exhibition
- EC 764 Growing Red Raspberries in Oregon
- EC 817 Commercial Onion Production in Oregon
- EC 862 Commercial Production of Bush Beans
- EC 863 Commercial Production of Sweet Corn
- EC 936 Commercial Greenhouse Vegetable Production
- EC 948 Onion Storage: Guidelines for Commercial Growers
- EC 952 Recommendations for Commercial High-Density Snap Bean Production
- EC 953 Improving Bee Pollination of Commercial Caneberries
- EC 974 Growing Walnuts in the Pacific Northwest
- EC 986 Pollination and Fruit Set of Pear
- FS 1 Winter Storage of Fuchsias, Geraniums and Tuberos Plants
- FS 12 Azalea and Rhododendron Care and Culture
- FS 15 Pruning and Training Pear Trees in the Willamette Valley
- FS 57 Sweet Cherry Varieties and Pollinizers for Oregon
- FS 60 Care of Physically Injured Fruit and Nut Trees
- FS 61 Pear Rootstocks for Oregon
- FS 95 Dahlia Culture
- FS 99 Cranberry Growing in Oregon
- FS 103 Fertilizing Shade and Ornamental Trees
- FS 104 Cucurbit Seed Production—Cucumber, Squash, Pumpkin, Muskmelon and Watermelon
- FS 118 The Concept of Plant Analysis and How to Take a Leaf Sample
- FS 125 Propagation of Herbaceous Plants from Stem Cuttings
- FS 131 Commercial Production of Striped Klondike Watermelon
- FS 136 Ornamental Gourds
- FS 142 Market News Service on Fruits and Vegetables
- FS 147 When to Pick Apples and Pears
- FS 154 Preserving Cut Holly
- FS 162 Care and Handling of Poinsettias
- FS 172 Stone Fruit Pollination
- FS 202 Training and Pruning Sweet Cherry Trees for Mechanical Harvesting
- FS 207 Pruning Sweet Cherry Trees for Hand Harvest
- FS 208 Peaches for the Willamette Valley
- FS 238 How to Find Help Identifying Fruit Trees
- FS 241 Control of Premature Ripening of Bartlett Pears
- PNW 6 Raising Christmas Trees for Profit

- PNW 62 Grafting Fruit Trees
- PNW 96 Raising Forest Tree Seedlings at Home
- PNW 121 Nutrient Disorders in Tree Fruits
- PNW 151 Propagating Herbaceous Plants from Cuttings
- PNW 152 Propagating Deciduous and Evergreen Shrubs, Trees and Vines with Stem Cuttings
- PNW 156 Training and Pruning Apple and Pear Trees
- PNW 164 Propagating from Bulbs, Corms, Tubers, Rhizomes and Tuberous Roots and Stems
- PNW 165 Layering to Renew or Multiply Plants
- PNW 170 Propagating Plants from Seed
- PNW 185 Plant Materials for Landscaping
- PNW 208 Rootstocks for Apples in the Pacific Northwest
- SB 624 Color and Pigment Analyses in Fruit Products
- SB 632 Phenology and Plant Species Adaptation to Climates of the Western United States
- CI 633 Landscape Tree Performance
- CI 655 Progress Report of Table Grapes in the Northern Willamette Valley
- CI 671 Cover Crop and Residue Management for Wind Erosion Control on Sandy Soils During Potato Planting
- CI 677 Establishment and Management of 'Boysenberries' in Western Oregon
- CI 678 Oregon Potato Variety Trials 1978
- CI 681 Evaporative Cooling as an Oregon Alternative in Frost Protection System of Pears
- Commercial Production of English Holly in the Pacific Northwest (journal reprint)

Insect control

For complete information in insect control recommendations, see Pest Control Handbooks, page 3.

- EB 747 Vegetable Garden Insect Pests
- EC 627 Carpenter Ant Control
- EO 647 Shell Perforation and Poor Sealing of Walnuts
- EC 675 Spray Program for Stone Fruits in Oregon
- EC 677 Spray Program for Apples and Pears in the Willamette Valley

July 1980

Extension Service, Oregon State University, Corvallis, Henry A. Wadsworth, director. This publication was produced and distributed in furtherance of the Acts of Congress of May 8 and June 30, 1914. Extension work is a cooperative program of Oregon State University, the U. S. Department of Agriculture, and Oregon counties. Extension invites participation in its programs and offers them equally to all people, without discrimination.
