Rice is a good source of food energy and is good to serve at any meal. It has been enriched, which means that vitamins and minerals lost in milling have been added. Also, it contains a small amount of good quality protein.

Store rice in tightly covered metal or glass containers in a cool, dry place.

Cooking Rice

Cooking directions in this sheet are for regular rice that has not been partially cooked before marketing. Rice is cleaned in processing and then packaged in sanitary bags or boxes. It is ready to cook when it comes to the home. Do not wash or drain rice before or after cooking because this will wash away valuable minerals and vitamins.

Use as little water as possible when cooking rice. Rapid boiling may break the grains and also can cause the rice to boil over. Boil the rice gently, keeping the heat low. Cover tightly while cooking.

To keep cooked rice for future use, cover it and put it in a cold place. To serve rice, steam it in a colander or sieve over boiling water, or add a few tablespoons of water to the rice and heat in a covered pan over boiling water or in the oven. Stir rice once or twice with a fork while it is reheating.

Short-Boil Method (For firm, tender rice)

1 cup uncooked rice
1/2 teaspoon salt
2 cups water
1/2 teaspoon bland cooking fat or oil

Combine rice with melted fat to coat each grain. Stir into rapidly boiling water. Bring back to the boiling point and lower heat until the water is just bubbling. Cover tightly and cook slowly for 20 minutes. Remove the pan from direct heat; let stand 10 minutes, covered tightly, for the rice to finish cooking in its own steam.

For softer rice: For a softer cooked rice, increase water to 2 1/2 cups and cook slowly for 25 minutes. Remove the pan from direct heat and let stand 10 minutes, covered tightly. Serve hot.

Oven Method

1 cup uncooked rice
2 cups boiling water
1/2 teaspoon salt
1/2 teaspoon bland cooking fat or oil

Place rice and salt in a baking dish, add boiling water over rice. Stir, cover, and bake at 350° F (moderate oven) for 30 minutes or until rice is tender.
