

DEPOE BAY COMBINED VALUE FISHING GROUNDS
ALL SECTORS (COMMERCIAL, CHARTER, RECREATIONAL SPORT BOAT)

This map represents the combined aggregate fishing grounds for the commercial sector for Depoe Bay. Specifically, the aggregates used were derived from interviews with fishermen/captains in Depoe Bay, winter of 2009. **The commercial fishing ground aggregates that were combined were Dungeness crab (trap), rockfish (fixed gear), and salmon (troll). The charter and recreational sport boat fishing ground aggregates that were combined were Dungeness crab, Pacific halibut, rockfish, and salmon.** In addition to the combined fishing grounds percent volume contours are also depicted, which illustrate the total value contained within the top 25%, 50%, and 75% respectively. Value is represented as stated importance.
