

OREGON AGRICULTURAL COLLEGE

Extension Service

R. D. Hetzel, Director

LIST OF EXTENSION BULLETINS
Available for Distribution on Request.

OCTOBER, 1915.

BULLETINS

In order to insure a proper and economical distribution of the bulletins of the Oregon Agricultural College, the practice of sending each new bulletin to every individual on the mailing list has been discontinued. Instead there will be sent, periodically, a revised list of bulletins, similar to this, from which such bulletins as promise to be of value or interest may be ordered.

All requests, unless otherwise specified, should be addressed to Extension Service, Oregon Agricultural College, Corvallis, Oregon. The bulletins are free.
