Researching and Creating Media that Communicates

Name _____ Date _____

WORKSHEET 4: PROJECT EVALUATION

Follow instructions given by your instructor on how to evaluate yourself and your peers. See also the *Peer Review Scoring* guide on page 2 of this worksheet. As your peers present their projects, answer the following questions for each team's presentation. *Use one set of questions for each group presentation.*

Presenting team: _____

Names of all students on presenting team:

What is the name of the organism? _____

Have you seen it before? Where? _____

What other species are related to the organism? _____

Did you know it was invasive? Why or why not? _____

What are three interesting facts that you learned about this species?

How can you help prevent the spread of or eradicate this species? _____
