Mr. LEA, from the Committee on Interstate and Foreign Commerce,
submitted the following

REPORT

[To accompany S. 3898.]

The Committee on Interstate and Foreign Commerce, to whom was referred the bill (S. 3898) granting the consent of Congress to the Mill Four drainage district, in Lincoln County, Oreg., to construct, maintain, and operate dams and dikes to prevent the flow of waters of Yaquina Bay and River into Nutes Slough, Boones Slough, and sloughs connected therewith, having considered and amended the same, report thereon with a recommendation that it pass.

Line 9, after the word "therewith" change the period to a comma and add "in the State of Oregon."

The bill is similar to H. R. 11674, which has the approval of the War Department, as will appear by the letter attached.

WAR DEPARTMENT, April 22, 1930.

Respectfully returned to the chairman Committee on Interstate and Foreign Commerce, House of Representatives.

So far as the interests committed to this department are concerned, I know of no objection to the favorable consideration of the accompanying bill (H.
