Researching and Creating Media that Communicates

Name _____

Name _____

Name _____

Name _____

WORKSHEET 3: PROJECT PROPOSAL

On this form, you will create an outline, which will briefly explain the parameters and content of your project (your research and design strategy). When complete, it will serve as a “road map” for completing your media product and help you stay on track. Use the elements outlined in the *Presentation Checklist* on **Worksheet 1: Media Project Research and Design** as a guideline. Use this form or create a separate document incorporating all of these items. *(Submit one completed proposal for your team.)*

1 Name of species (common and scientific): _____

2 Purpose of project: _____

3 Brief synopsis

Write 2–3 sentences about the species, including habitat (original and invaded), how the species causes problems in its invaded habitat, and what (if anything) has been successful in controlling or eradicating it.

4 Proposed format of media product: _____

5 Tools and/or materials you need to complete the project: _____

6 Project timeline

Create a project timeline, including a list of tasks to complete, the name of team member responsible for each task, due dates, and other project milestones.
